almost every square mile of country. North Travancore is however not so well served by roads, and strenuous efforts are being made to bring it up to the same level as Central and South Travancore. The Cardamom Hills are the only area in the whole State that have not yet been opened up for wheeled traffic. One line of Railway about a hundred miles in length now cuts across the State from east to west and thence runs along the coast from north to south and more Railway lines are under consideration.

Geology of Travancore.—The country consists mostly of archaean rocks on the western fringe of which rests a sedimentary formation known locally as the Warkala Formation. This formation is in some places overlain by recent sediments. Among the economic minerals of Travancore, monazite has acquired a world reputation, the deposits of this mineral in Travancore being some of the richest in the world. Zircon and ilmenite are found in association with the monazite and these are also exploited to some extent. Mica and graphite occur in the archaean rocks. The extensive deposits of lignite and china clay or kaolin in the Warkala Formation are believed to be of considerable economic value.

Production.—Travancore is essentially an agricultural country. A feature peculiar to the agriculture of the State is that the proprietors and the tenants of the land mostly live on the land itself. The chief food grain in the country is rice or paddy (Oryza Sativa) Great millet or cholam (Sorghum Vulgare). samai (Panicum Milliare) and ragi (Elusina Coreana) are also grown. The following are also grown in the country:—

Pulses:—1. Horse-gram (Dolichos biflorus) 2. Red-gram - Pigeon pea (Cajanus indicus) 3. Green-gram (Phaseolus Mungo) 4. Black-gram (Phaseolus Roxburghii) 5. *Vaddakan* payar 6. Kozhinji or Perum payar (Phaseolus Coccineus).

Planting products :— 1. Tea, 2. Coffee, 3. Rubber.

As in other parts of India, rice is the staple article of food. But the tapioca root supplements it very largely.

Pepper and cocoanut contribute mostly to the wealth of the country.

Population.—The total population of the State as enumerated at the Census of 1931 is 5,095,973. Hinduism is the predominant religion of the State, its followers constituting about two-thirds of the entire population. Christianity which was established in the land in the first century of the Christian era itself comes next, with over a fourth of the entire population. The Mahomedan religion claims a sixth of the population and its adherents rank numerically the third.

In education, as compared with British India and other Indian States, Travancore occupies a foremost position. According to the Census of 1931 the number of literates per 1,000 of the population excluding children under 5 years of age is 289. For males the figures are 408 per 1,000 and for females, 168.

IMPORTANT TOWNS AND OTHER PLACES OF INTEREST.

Trivandrum.—This town forms the southern terminus of the Travancore branch of the South Indian Railway. It is the capital of the State and the residence of the Ruler. The celebrated pagoda of Sri Padmanabhaswamy within the Fort has made it a great religious centre and attracts pilgrims from all parts of India. The Fort and its neighbourhood constitute the most crowded part of the town. The military cantonment, the Government offices and other public buildings and the residences of the upper classes are picturesquely situated on small eminences, each commanding a refreshing scene of verdure all around. The town is liberally supplied with well-equipped

colleges, schools and hospitals. There is a well-laid-out park, with a museum and a menagerie. The sea-port is at Valiathurai, about one mile from the town. It is an open roadstead, with deep water close to the shore. A pier for the landing and shipment of cargo, 750 feet in length, and fitted with two steam cranes, has been erected. The five fathom depth line is about 600 feet off the end of the pier, but steamers anchor in 12¼ fathoms, 4/10 of a mile, off shore. It is a port of call for coasting steamers when inducement offers.

Nagercoil stands within 7 miles of the Aramboli Pass through which runs the high-way from Tinnevelly to Travancore, and is the only important town south of the Capital. With Nagercoil as the nucleus, the town comprises a number of villages, *viz.*, Kottar, Vadiveeswaram, Ozhughanacherri and Vadaseri. Of these, Kottar and Vadaseri form the trading and manufacturing centres. The town owes much of its improvement and its position to the efforts of the Christian Missionaries.

Colachel is the southern-most sea-port in the State and a port of call for coasting steamers. Sea-going steamers call occasionally to load monazite and palmyra fibre for Europe. In former years, Travancore coffee was prepared and exported from this port, but this trade no longer exists. There is a group of outlying rocks in front of the town which form a partial breakwater, under the shelter of which landing and shipping operations are carried on from the beach. Steamers anchor in 7 fathoms of water 3/10 of a mile off the shore. Small vessels anchor in about 5 fathoms, less than a quarter of a mile from the shore.

Ten miles to the north west of Nagercoil is the FORT OF UDAYAGIRI. This was formerly one of the principal military stations of the State. The Fort was built by the Flemish Commander of the Travancore forces, General Eustathius D'Lannoy, and is built of strong granite blocks round a lofty isolated hill. The tomb of D'Lannoy still stands in the chapel inside it. Padmanabhapuram, which was once the capital of the State and the residence of the Maharaja, is about a mile to the north-west of this Fort.

Shencottah The headquarters of the taluk of that name lies at the foot of the Ghats on their eastern aspect The main road that runs through it connects the British town of Tinnevelly with the port of Quilon. There are several coffee estates in its neighbourhood.

This is the first railway station in the Travancore territory on the Tinnevelly-Trivandrum line. Within a distance of three miles are the celebrated Courtallam Falls largely used as a sanitarium by the people of South India for a period of three or four months from June. Midway between Shencottah and

Quilon is the village of Punalore, where is located a paper mill constructed years ago. The paper manufactured from this mill is largely purchased by the Governments of Madras and Travancore. A suspension bridge across the Kallada river has been constructed here many years back.

Quilon is one of the oldest towns and one of the most important ports. This town has a reef of rocks for its beach, which prevents its corrosion by sea and helps the ryot to plant cocoanut trees so near the water's edge that their shadows fall on the beating surf, a phenomenon not met with in any other point of this coast. On the south is the beautiful bay known to the earliest mariners of Europe as affording a perfect natural protection to ships in the worst weather. With the opening of the railway, Quilon finds herself in direct and easy communication with the towns of the Madras Presidency and is likely to regain her former position as an important commercial centre. The Palace of His Highness the Maharaja stands out boldly into the eight-armed lake, known as the Loch Lomond of Travancore. Cotton spinning and weaving and the manufacture of tiles are its chief industries. The sea-port is an open road-stead situated off a bight in the coast formed by the Tangacherri point, a British possession, projecting slightly beyond the coast line. During the fine weather period from September till May, vessels can anchor in the inner anchorage in 4½ to 5 fathoms of water, 4/10 of a mile off the shore.

Mavelikara—The former capital of the principality of that name—is famous in Travancore history as the place where Rama Iyen Dalawa, the minister who assisted Maharaja Martanda Varma in consolidating Travancore, died. The remains of a large fort, about two miles in circumference, can still be seen.

Alleppey.—This is the most important commercial town in the State. Open to foreign trade since the latter part of the 18th century, it has long been the premier port of Travancore and has become an important trade and industrial centre, having backwater communication with the surrounding country. The manufacture of coir matting is carried on extensively, besides hydraulic baling of coir yarn and fibre for foreign markets. Cocoanut oil mills worked by steam power have also been established. The town has an extensive canal system, connected with the backwater, which affords considerable water frontage of immense importance to merchants for transport of goods. As a sea-port, Alleppey owes its importance to a mud-bank off the coast, which renders the sea smooth for shipping operations, though it shifts its position occasionally. It is an open road-stead with good holding ground of sand and mud. It has a pier of 773 feet long, and 21 feet broad fitted with two

steam cranes and two hand cranes, for handling cargo and has also large godown accommodation. The port is closed during the S. W. monsoon generally from about the 15th May till the 15th August. Steamers, however, call at or near the port during the monsoon, when weather conditions permit, and when the mud-bank is sufficiently developed to afford smooth water for shipping operations, as may be notified by the Marine Department. The port is also provided with a light-house.

Ambalapuzha.—Eight miles to the south of Alleppey is Ambalapuzha which was once the capital of the Ambalapuzha or Chempakaseri principality annexed to Travancore in 1754 by Maharaja Martanda Varma. The famous temple here is dedicat edto Sri Krishna.

Vaikom.—Twenty-three miles to the north of Alleppey is Vaikom renowned for the temple dedicated to Siva. Pilgrims visit this place from many parts of South India in the months of March and December every year on the occasion of the Ashtami festival.

Kottayam.—This town, situated on the banks of the Minachil river, was the scene of the labours of the early Anglican Missionaries and is now the centre of the Syrian Christian community, possessing one of the most ancient Syrian churches in all Malabar. It has a second grade college besides other educational institutions.

Changanacherry.—This town was once the capital of the principality of Tekkumkur. It possesses the grandest Syro-Roman Church on the Malabar Coast. One of the important markets in North Travancore is held here, and people come to it from all parts of the country. It is situated on the main central road that connects Trivandrum with Ernakulam, the capital of the Cochin State.

Thiruvella.—This is another town of importance on the main central road. This possesses many educational institutions and also an ancient temple said to have been founded so early as 84 B. C.

HEALTH RESORTS.

Alwaye.—In the early days this place was known to the Portuguese as Fiera'd Alva. It is now a station on the Shoranur-Cochin State Railway. It is situated on the banks of the *Periyar* and is largely frequented as a health resort in the summer months. Five miles from here is the village of Kaladi, the birthplace of Sri Sankaracharya.

2. **Muthukuzhi Vayal.**—This is a health resort on an elevation of about 4,400 ft. above the sea level. As it is only about

32 miles from Nagercoil, it is easily available to the people of South Travancore and the neighbouring District of Tinnevelly. It is believed, in days of yore, the people dug in this place for pearls and other precious stones, though it is not known how their labours were rewarded. There are several coffee and tea estates in the neighbourhood. The place cannot however be reached except by a steep bridle path.

3. **Ponmudi.**—This is 38 miles to the north-east of Trivandrum, and is connected with Trivandrum by a good road. It is about 3,000 feet above sea level. There are a few estates here growing tea, coffee and rubber.

4. **Peermade**.—About 50 miles to the north-east of Kottayam is Peermade, an important health resort in Travancore. It is also a centre of coffee, tea and rubber industry. Its elevation is about 3,500 feet above sea level.

5. **Munnar** is a hill station about 5,000 ft. above sea level. It is 72 miles to the East of Alwaye and is connected with Alwaye by a good road passing through Perumbavoor, Kothamangalam and Neriyamangalam. One of the outlet roads leading to the Madura District passes through this. There are many coffee, tea and cardamom estates owned by the Kannan Devan Hills Produce Company, Ltd. The produce of these estates is transported to the plains by an aerial rope-way rising to about 4,000 ft. This rope-way is worked by a turbine driven by a small stream at the foot of the hills. In consideration of Government acquiring and handing over, under the Land Acquisition Act, the land required for the rope-way, the company has agreed to the use of the rope-way by the general public on payment of certain fixed charges.

6. **Cape Comorin.**—This is ten miles to the south of Nagercoil and is the southern-most point of India. This is a famous place of pilgrimage as well as a popular health resort. The temple, dedicated to the Goddess Bagavathi (Virgin Goddess), is also a place of archæological importance. There are churches on the coast, the chief of which is the Roman Catholic church at Kumarimuttam.

7. **Warkala.**—This is a health resort twenty-two miles north of Trivandrum and can be reached by the South Indian Railway. To the Hindu pilgrim, throughout India, this place is known as *Janardanam*. This is as sacred to him as Gaya in Northern India.

Rules regarding the Travancore Government Promissory Notes of the 5 per cent. Loan of 1091 M. E.

IN ACCORDANCE WITH THE PROVISIONS OF THE TRAVANCORE GOVERNMENT SECURITIES REGULATION III OF 1099 THE FOLLOWING RULES IN REGARD TO THE EXISTING 5 PER CENT. GOVERNMENT DEBENTURE BONDS OF 1091 M. E., ARE MADE UNDER SECTION 21 OF THE REGULATION:—

The existing rules on the subject are hereby cancelled.

1. The Government Debenture Bonds of 1091 shall hereafter be known as Travancore Government Promissory Notes of the 5 per cent. Loan of 1091.

2. The prescribed officer referred to in Sections 9, 10, 11, 13, 16, 18 and 20 of the Regulation shall be the Financial Secretary to Government.

Payment of Interest.

3. According to the wording in the promissory note, interest is payable at the Treasury at which the note is enfaced for payment on presentation of the note itself.

4. Interest cages showing the several half years for which interest is payable, shall be imprinted on the reverse of each note issued, and payment shall be recorded by the stamp of the Disbursing Office or by a manuscript entry, over the space apportioned to the half-year concerned. The entry recording payment of interest shall show the name of the Treasury, the number borne by the payment voucher and the date of payment, and shall be authenticated by the initials of the Treasury Officer. The holder's receipt shall be taken on the face of the payment voucher.

5. When the interest on a particular pronote has to be made payable at a treasury other than that already mentioned in the note, it has to be forwarded to the Financial Secretary to Government in registered cover, clearly stating at what treasury future interest on the note has to be made payable. Then an enfacement shall be made lengthwise across the face of the note and when such enfacement has been made, the holder can obtain payment of interest at that place upon presentation of the note.

Enfacement for Payment of Interest.

6. For the purpose of recording enfacements the Treasury Officer shall maintain a register in Form A. On receiving advice from the Financial Secretariat—Public Debt Branch—of the enfacement of a note for the payment of interest at his treasury, the Treasury Officer shall make the requisite entries in columns 2, 3, 4, 5 and 6 of this register. A serial number should be given to each note in column 1 of the register, and this serial number should be noted on the note itself when presented for payment of interest at the treasury for facility of future reference.

7. On receipt of advice from the Public Debt Branch of the Financial Secretariat of cancellation of an enfacement, the Treasury Officer shall at once delete the entry relating to the enfacement and shall not thereafter pay interest on such note.

Returns to the Public Debt Office.

8. At the close of each year, the Treasury Officer shall make a return to the Public Debt Branch—Financial Secretariat in Form B showing (1) number and amount of notes enfaced for payment of interest at his treasury during the year, (2) number and amount of notes previously enfaced but cancelled during the year and (3) number and amount of notes standing on his register as enfaced for payment of interest at his treasury. A blank return should be sent by those treasuries who have no notes enfaced for payment of interest at them.

Scrutiny of Endorsements by the Treasury Officers.

9. Government is responsible for the payment of interest to the actual owner of a note. As the ownership of a note is transferable by mere endorsement, it is of great importance that, before paying interest, Treasury Officers should scrutinise endorsements carefully in order to satisfy themselves that the person by whom or on whose behalf payment of interest is claimed is the lawful owner of the note. It is not merely the last endorsement which needs scrutiny, the note may have changed ownership several times, and although the last endorsement may itself be in proper form, and the last endorsee's title good as against that of the next preceding owner, the latter's title may itself be defective, by reason of some legal defect in earlier endorsements. Treasury Officers should therefore be careful to satisfy themselves, as laid down in Clauses (*b*) and (*c*) of Rule 10, that all the endorsements are in order and they, as well as all other Government Officers who have to handle Government securities in their Official capacities should familiarise themselves with the main facts, regarding the legality of various kinds of endorsements set forth in Rules 18 and 19. In all doubtful cases, or in cases which do not appear to be fully covered by these instructions, Treasury Officers should refuse to pay interest, and should refer the matter to the Financial Secretary to Government.

Conditions for payment of interest.

10. Payment at a treasury of interest on promissory notes is subject to the following conditions:—

(*a*) That the note has been duly enfaced for payment of interest at that treasury ;

(*b*) That the person on whose receipt, or on whose agent's receipt, payment is asked for, is either the person in whose name the note was originally issued, or one who derives his title from the said person by a chain of endorsements,

(i) each of which is in one of the forms enumerated in Rule 18.

(ii) each of which is signed by the person or persons mentioned in Rule 19 as being qualified legally to transfer the note;

(c) That, if the person claiming the interest is not the last endorsee, but claims as—

1. holder of a power of attorney,
2. manager of a corporate body,
3. being authorised by court,
4. survivor of a number of joint holders,
5. any one of a number of alternative holders,
6. a government officer holding notes in his official capacity

the documents wherever necessary in support of such claim as set forth in the subsequent rules have been produced and registered in the manner described in Rule 24;

NOTE:—When, however, a person claims interest on a note belonging to a deceased holder, as his heir, the interest shall be payable only after the note has been renewed by the Financial Secretary to Government in accordance with the rules regarding renewal of pronotes.

(*d*) That all endorsements are clear and distinct ; that at least one endorsement cage, as well as the renewal cage, has been left blank ; that no word or words are written upon the note across any existing endorsement and that there are no cross endorsements;

(*e*) That the note itself is not mutilated or torn, or in any way damaged or defective, (division into an upper or lower half does not reckon as mutilation if the two halves are firmly rejoined);

(*f*) That interest has not been left undrawn for six years.

NOTE:—(i) If condition (*a*) is not fulfilled, the Treasury Officer should inform the person presenting the note how to get it enfaced for payment of interest at that treasury.

(ii) If condition (*c*) is not fulfilled, the Treasury Officer should, unless the case falls under Note (v) below, inform the presenter what documents are necessary to enable his claim to receive interest to be admitted. But if the Treasury Officer has any doubt in the matter, he should refer it to the Financial Secretary to Government.

(iii) If any of conditions (*b*), (*d*) and (*e*) is not fulfilled or if the Treasury Officer has reason to consider, on other grounds, that the title of the person presenting the note is irregular or not fully proved, he should refuse payment of interest until the note has been renewed by the Financial Secretary to Government.

(iv) If condition (*f*) is not fulfilled, the Treasury Officer should forward the note to the Financial Secretary to Government with a statement of facts and any explanation that the claimant for interest may wish to give.

(v) When notes stand in the name of a minor the following relaxations of condition (*c*) are permitted :—

(1) In a Makkathayam family where the person who wishes to draw the interest is the father, or if the father be dead, the mother of the minor, interest may be paid without question, so long as the officer paying the interest is satisfied as to the *identity* of the father or mother. In the case of payment at a place other than that of residence a certificate of identity signed by any Magistrate may be accepted.

(2) When the applicant for interest is neither the father nor the mother and when the value of the notes standing in the minor's name does not exceed Rs. 1,000 a certificate of the District Magistrate to the effect that the applicant is the actual guardian of the minor, should be accepted.

(3) When the value of the notes exceeds Rs. 1,000 and where the applicant is neither the father nor the mother, no relaxation of the ordinary rule is permissible *i. e.*, a guardianship certificate must be produced and registered.

Payment of Interest on due dates.

11. (*a*) It is very important that no avoidable delay should be allowed to occur in the payment of interest, which should invariably be made on the due dates or as soon thereafter as possible. Consequently, at treasuries where the payments to be made are numerous, holders who can do so without inconvenience should be encouraged to send in their notes some time before the interest actually falls due, so that any preliminary examination required may not operate to prevent payment being promptly made.

(*b*) At each treasury will be kept a supply of the prescribed form of receipt for interest (Form C.), which will be given to any person proposing to draw interest. The following instructions regarding the filling in of the receipt should be attended to :

(i) One single receipt must be used for all the notes enfaced for payment of interest in a particular treasury if the interest is payable to the same person.

(ii) The whole of the interest due on a note must always be drawn, partial payments not being allowed.

(iii) Receipts for interest on Government Securities are not exempt from Stamp duty.

(*c*) The personal attendance of the holder is not necessary ; it is sufficient for the Treasury Officer to satisfy himself, as in the case of any other payment, that the receipt is a valid quittance *i. e.*, has been signed by the person to whom payment is due, or by a duly authorised agent.

(*d*) The Treasury Officer should record the fact of payment as follows :—

(i) In the interest cage (printed on the back of the note) appertaining to the half-year on account of which interest is paid ;

(ii) In column 8 of the register of enfaced notes referred to in Rule 6 above.

(iii) In a register in Form D, subordinate to the Cash Book. From this register is copied a schedule, which with receipts attached, should accompany the list of payments forwarded bi-monthly to the Account Office.

(e) It is particularly desirable that, in the preparation of interest receipts and registers, all details, especially the numbers and amounts of the receipts, the numbers of the half-years, or the periods for which interest is paid, should be carefully filled in.

Endorsements.

12. Promissory notes are transferable by endorsement.

13. No notice will be taken of any trust appearing in an endorsement of transfer or receipt for interest. When a note is endorsed to, or receipted by, any person, in his capacity of trustee or in any other representative capacity such person will be treated in all respects as the true owner of the note.

14. A note blank endorsed by the holder is not receivable at any Government treasury or at the Office of the Financial Secretary to Government. The holder of any such security will therefore be required to specially endorse the same before submitting it for payment of interest.

15. As already stated in Rule 12 the notes are transferable by endorsement. They are, in fact, transferable in no other way. The wording of the Government's undertaking on the face of the note is only to make payment to "A. B. and C. or his or their order". They do not in any respect undertake to make payment "to his or their assignee." It follows, therefore, that the transfer of the right to receive payment can be made only by endorsement on the note itself. An assignment or deed of sale or gift, outside the note, however much it may or may not bind A. B. etc., does not bind the Government. Moreover, no endorsement should be recognised which is made or otherwise than on the note itself, for example, on a piece of paper attached to the note.

16. Every endorsement must be written, clearly and legibly, in one of the endorsement cages provided for the purpose on the reverse of the note.

17. (1) Every endorsement purporting to be signed by an Indian female or by any one whose singature is only a mark shall be attested by the signatures of two respectable witnesses.

(2) Such witnesses shall appear in person before,

(a) an officer in charge of a Treasury,
(b) a Sub-Registrar, or
(c) a Magistrate,

and shall testify to the genuiness of the endorsement.

(3) Such officer or Magistrate shall authenticate the examination of every such witness in the following form, namely :—

Examined before me.

(Sd.) A. B.

(Place)

Magistrate,
Sub-Registrar,
Treasury Officer,
Sub Treasury Officer, } at............

Provided that in the case of English endorsements the provisions of this rule shall not be enforced unless it is specially so directed by the officer making payment.

Valid Forms of Endorsements.

18. An endorsement consists of two parts *Viz*, (1) the pay order containing name of the endorsee, and (2) the signature of the endorser.

The pay order should be worded in one of the following ways:—

(1) "Pay to A".
(2) "Pay to A or order".
(3) "Pay to A and B jointly".
(4) "Pay to A and B or their joint order".
(5) "Pay to A or B".
(6) "Pay to A or B or order".
(7) "Pay to A and B or either of them".
(8) "Pay to A and B or either of them or order".
(9) "Pay to A, B, C, D and E or to any one (or more) of them".
(10) "Pay to A, B, C, D and E or to any one (or more) of them or order".

The signature should in each case be that of the person or persons legally qualified to dispose of the note as described in the succeeding rules. If although the signature has been made and is in order, the pay order itself has been left blank, the note should not be received and the presenter should be told to get the name or names filled in. It does not necessarily follow that, if an endorsement is not worded as above, it is illegal, but its legality will at least be doubtful, and the holder should be required to present the note for renewal. For example, an endorsement worded thus:—"Pay to A for B" is not valid.

Of the above forms (1) and (2) are called *simple endorsements* (3) and (4) are called *joint endorsements*, and any one of the persons named therein is called a "joint holder". Endorsements in any of the forms (5) to (10) inclusive are called *alternative endorsements.*

Validity of Endorsements.

19. Assuming that a note has already been validly endorsed in favour of A. B. C. etc., in order to make a valid transfer of the same by the endorsee or endorsees *Viz.*, A. B. C. etc., to another party, there are four separate classes of cases to consider.

I. Where A. B. C. etc. are personal names without the addition of any description indicating official capacity, legal status etc.

(1) *Simple endorsements.*—(*a*) If the note is endorsed by A himself and if the signature is in English, it will be sufficient to see that there is no reason to question it. If the signature be in vernacular, it must be transliterated into English and must agree with the name in the previous endorsement, or on the face of the note, as the case may be. In carrying out this instruction, however, Treasury Officers should not reject endorsements or signatures merely because of some variation in spelling in the transliteration of Indian names, provided there is no *prima facie* reason to suspect that such variation is not in respect of the same individual; for example "Nilakanta Pillai" is frequently written "Neelacanta Pillay" and objection should not be raised merely on this account. If the signature is that of a woman, attention should be paid to Rule 17.

(*b*) If the note is not endorsed by A himself, the endorsement is valid only if the signature is that of a person who has the legal right to dispose of the note on behalf of A or A's estate. Thus, the signature may be that of A's guardian, heir, executor, or attorney or the administrator of his estate. In all such cases it is necessary to see that such person's claim to act in such capacity is valid. Instructions as to the steps which must be taken and the documents which must be produced before Treasury Officers etc. to accept endorsements by such persons are given in Rules 21 to 24.

(2) *Joint endorsements.*—Except as stated below, the signature of each of the joint holders is necessary, and in respect of each such signature the some precautions should be taken as laid down before for simple endorsements,

however, one of the joint holders dies, then, under Section 4 of the Regulation the right to dispose of the note lapses to the survivor or survivors, and in that case an endorsement by such survivor or survivors (as the case may be) will be recognised, provided satisfactory proof of death has been produced. Treasury Officers are responsible for satisfying themselves that the fact of death is properly established, either in the shape of a solemn affidavit or affirmation of the knowledge of such decease, made by respectable and un-interested parties before a Judicial Officer or in the shape of a burial certificate, copies from the usual register and attested by the proper authority, or a certificate of death. When produced, such proof should be registered, and entry made on the note, in the following form, below the endorsement in favour of the deceased and joint-holders or, in the event of the notes having been specially endorsed by the survivor as such survivor immediately below such endorsement.

"Proof of death of...register No..............................of..................................

(Sd.)

Treasury Officer.

NOTE.—In the first blank should be noted the full name of the person deceased ; in the next, the number of the entry in the form given in Rule 24 ; and in the third initial letter under which the entry has been made, and the year.

(3) *Alternative endorsements.*—In these cases, the note may be validly disposed of by either A or B or C etc., acting singly, unless the endorsement has made the note payable to more than one of the holders *e. g.*, "Pay to A. B. C. and D., or to any two of them" in which case signatures of the specified number of the holders must appear before the note can be regarded as having been validly transferred.

II. Where A, B, C. etc. are personal names, but with the addition of some description indicating official capacity or legal status etc.

For example, the last endorsement may have been like this :—

"Pay to A, Secretary of the Prethiaka Sangam" or "Pay to A, Divisional Treasury Officer, Kottayam" or "Pay to A, Managing Director of.........Company, Ltd.", and so forth.

The general rule in such cases is to disregard entirely the designation added after the name, and to treat the note in all respects as if it were the personal property of A. Government does not undertake the responsibility of making an enquiry as to who is the person actually holding the office or position so described, and if any person, other than A, claims to be qualified to dispose of the note not as A's heir, executor, or personal representative, but as being A's successor in such office or position, his claim should not be entertained.

In such cases the proper thing for A to do, on vacating his office is to transfer the note, by a personal endorsement in favour of his successor.

To this rule, however, there are two exceptions. In the case of the following officers, a promissory note may be made or endorsed payable to, or to the order of, the holder for the time being, of the office, by the name of the office.

Dewan of Travancore	For trust funds not administered under Charitable Endowments Regulation.

Treasurer of Charitable Endowments.	Funds administered under the Charitable Endowment Regulation.
Account Officer.	For securities furnished by Government servants or contractors.

The second exception is the case of the administrator of an estate. For example, if a note has been endorsed "Pay to A, executor of B" or "Pay to A, administrator of B's estate" it may be validly transferred by A to another party, provided :

(1) A signs himself as executor of B or administrator of B's estate, and

(2) A has produced the necessary documents, establishing his claim to dispose of B's property as laid down in Rules 21 to 24.

NOTE :—Government officers, before getting notes endorsed to them in their official capacity, must take care that their personal names are not entered in the endorsement.

III. Where A, B, C etc. are personal names, but represent the name of a mercantile firm.

For example :—

"Pay to Thos. Cook and Sons".

"Pay to Messrs. Adam Khan, Nabi Khan".

When a note, so endorsed, is transferred, it is necessary to see that the transferring endorsement bears the usual signature of the firm. In the case of a well-known firm this will probably present no difficulty, but in other cases special care should be taken not to recognise the endorsement as valid until the signature has been verified.

IV. Where A, B, C &c. are not personal names.

A note may have been endorsed in favour of a Bank, or of some other body corporate, such as a Port Trust, Municipality etc., or of some office-holder. These are dealt with separately below.

(1) *Banks.* Properly incorporated banks can hold Government securities on their registered name, and the title to notes so held by a bank can be transferred by the endorsement of the Manager or other duly constituted attorney. Most banks have given such authority to their branch Agents. In the case of any well-known bank, Treasury and other officers should have no difficulty in ascertaining that the endorsement is signed by the person properly qualified to do so, but in all cases of new banks, or wherever there is any doubt a reference should be made to the Financial Secretary.

(2) *Other Bodies corporate.* A note may be held and negotiated by any body corporate with perpetual succession and a common seal. In such cases it is necessary to refer to the articles of association, or law governing the constitution of the body, in order to see who is the person legally qualified to transfer the notes which are the property of the body in question. In practice such an enquiry raises so many difficult questions, such as the wording of the Act, bye-laws, etc., by which the public body or corporation is governed, that great caution should be exercised regarding securities so held. When the corporation is an old established body, such as a Municipality, the question as to the office-bearer qualified to sign endorsements on its behalf will have been long settled, and will be generally known. But in all other cases, and particularly when the body is new or is little known, a reference should be made to the Financial Secretariat.

(3) *Office holders.* Subject to the exception mentioned in para II of this rule, an endorsement in favour of an office holder should not be recognised. Government does not accept the responsibility for being put on enquiry as to who is the actual holder of office at the time.

20. *Irregular forms of endorsement.* In Rule 18 it has been laid down that endorsements in which the pay order is not in one of the forms mentioned there, should not be recognised. A common form of such irregular endorsements are those in which mention is made of a trust, *e. g.*, "Pay to A, Trustee for B" or "Pay to A, guardian of B" or "Pay to Judge of A, on account of B's security". Government do not undertake any responsibility as regards such endorsements, *vide* Section 3 of the Securities Regulation. Persons who endorse notes in such a way do so, therefore, at their own risk. The words in such endorsements indicating the trust, should be regarded by Treasury Officers as so much surplusage, and whenever such a note is endorsed to or by A as a trustee, or in any similar capacity, he should be treated in all respects as the owner of the note in his personal capacity.

Although, however, this is sufficient to discharge Government's responsibility it is desirable that Treasury Officers should advise A to get the note renewed in the name of the beneficiary as a measure of self-protection against any liability which he might otherwise incur, in respect of his trusteeship, owing to his having dealt with the notes in his personal capacity. This is particularly desirable in the case of a guardian, who should always be advised to get a note which has been made payable to him in his capacity of guardian renewed in favour of the minor, thus "Pay to B under the guardianship of A".

Before issuing a new note in that form, the Financial Secretary will satisfy himself that A is the lawful guardian of B, thereby safeguarding the minor's interests.

21. The following documents are necessary when the claim is to deal with a note in the capacity of—

(1) *Heir.* A succession certificate under Regulation IX of 1090 or an order of a competent civil court.

Exception 1.—When a note is the property of a Hindu undivided family governed by the Mitakshara Law or that of a Malabar Tarwad, no succession certificate is necessary. In such cases the Financial Secretary will arrange for the necessary enquiry being conducted by the District Magistrate or may himself personally record evidence. If it is proved (i) that the deceased belonged either to a Hindu undivided family governed by the Mitakshara Law or a Malabar Tarwad, (ii) that the applicant is the managing or sole surviving member of the family or Tarwad, and (iii) that the note formed part of the property of the family or Tarwad, and if, within six months of the publication in the gazette of a notification on the matter by the Financial Secretary no rival claimants appear, the note may be renewed by him.

Exception 2.—In cases falling under Section 16 of the Regulation, the Financial Secretary to Government may conduct an enquiry in the manner prescribed in Section 11 of the Regulation, and after such enquiry determine who is the person entitled to the pro-note and renew the note in favour of such person.

Note :—In all cases of renewals under Exceptions 1 and 2 indemnity bonds with two sureties should be executed by the claimants (in Form E) and such indemnity bonds shall be for twice the amount of such note or notes.

(2) *Executor or Administrator.* Probate or Letters of Administration granted by a competent court.

(3) *Guardians.* A guardianship certificate granted by a competent court under the provisions of Regulation II of 1077.

(4) *Attorney.* A properly executed power-of-attorney (including a sale power). In this case, however, the examination of the document is usually a matter of some difficulty involving the interpretation of legal terms, and a power-of-attorney purporting to convey full powers to sell or otherwise transfer securities should not be recognised without reference to the Financial Secretary.

Notes which form the subject of a civil suit on the passing of a decree transferring the ownership from one person to another by the court, can be endorsed and signed by the presiding officer of the court, and to the following effect :—

"Pay to...
....

(Signed)..................................
Judge
———of the.................................
Munsiff
court in suit No..........................
by..............................(plaintiff)
against...
defendant ".

Such an endorsement as above should be recognised.

22. In all cases in which the Treasury Officer is authorised to pay interest, under Rule 10, the documents referred to in the previous rule must be registered as described in Rule 24 at the Treasury at which the notes are enfaced for payment of interest. The certificates and other documents mentioned above frequently limit the power of the person in question to the drawal of interest, and it is important that the Treasury Officers should carefully distinguish between those documents which confer an unlimited power to deal with the securities and those in which the power is limited to the realisation of interest.

23. Besides the above mentioned documents, there are others that may frequently be produced before Treasury Officers in connection with notes. Such are :—

(1) Documents relating to the proof of death of a joint-holder (*Vide* Rule 10 c).

(2) Certificate of incorporation of a body corporate, or Articles of Association, or similar documents [*Vide* Rule 19 IV (2),]

(3) Certificate of marriage. This may sometimes be necessary when a note, which has been endorsed in favour of a woman before her marriage, is subsequently re-endorsed by her in her married name.

All such documents should also be registered similarly to those mentioned in Rule 21.

Procedure for registering documents.

24. To register the documents, the Treasury Officer will maintain a register in Form F. The following instructions should be observed :—

(1) Two names have to be entered, *viz.*, (*a*) in the column "Name of principal" the name of the person whose property is concerned, and (*b*) in the column "To whom granted" the name of the person to whom the document has been issued.

(2) Separate pages should be reserved for separate initials, the initials being in each case that of the surname of the "principal". The entries under each initial should have a separate series of numbers.

(3) Care must be taken to record the limitations of the power conveyed, so that transfers may not be admitted under powers to realise interest only.

(4) Succession Certificates granted under Regulation IX of 1090 are required to specify the debt.

(5) In the case of probates, etc. and other orders of a court, the name of the court and any number it may have assigned to its order should be entered in the column "Date of document"

(6) All documents so registered should be endorsed as follows :—

" Registered No............................

(Signed)...

Treasury Officer.

Taluk.....................

Date.............

(7) In the case of every endorsement or signature supported by such a document the number which the document bears in the register, and the date of registry should be noted in the back of each note, closely below such signature and attested by the Treasury Officer's initials.

(8) Subject to the exceptions mentioned below, no document liable to stamp duty should be registered unless it is properly stamped. Letters of administration and succession certificates issued by a competent court, should, however, even when insufficiently stamped, be registered and acted upon, the fact that the document was insufficiently stamped being brought to the notice of the court concerned. In considering whether any document is sufficiently stamped, the Treasury Officers should remember.

(i) That the stamp duty on a document entitling the holder merely to draw interests is calculated on the amount of the notes in question, and not on the interest annually drawable.

(ii) That powers of attorney granted by a number of persons having separate and distinct interests in the acts to be performed under such powers must be stamped to a value equal to the aggregate amount of duty which would have to be paid if each person had executed a separate power.

Renewal of Notes.

25. In the case of notes, renewal may be either optional or compulsory ; in either case it is of considerable importance both to Government and to the public, as the renewed note is an entirely new contract with the person in whose favour it is issued. Consequently, if the old note is not properly discharged both the old and the new contract remain in force. The holder of a note may indeed, receipt or discharge it for renewal and get a new note in his own name, but if he is not the person who has power and right to discharge the old note, there will still be claims on Government under it, independently of these under the new note, that is, both will be in legal force at the same time.

26. The fact that renewal gives a clean title to a note makes the right to claim renewal, *i. e.* to have Government's obligation to the holder admitted and declared an important one. A person who receives a note may be to some extent doubtful of the validity of the chain of endorsements, but by receipting it for renewal he can always raise the question and have it decided. Similarly from the point of view of the interests of Government, when a note is presented at a treasury or at any other Government office and when there is any question as to the validity of the endorsements thereon or as to the ownership of the note, the Financial Secretariat should have the opportunity (which renewal affords) of examining the title to the note before any act is done which binds Government to admit the holder's ownership. It is for this reason that, in Rule 10, Treasury Officers have been instructed to refuse to pay interest whenever any of the endorsements are of a doubtful character. All other Government Officers who receive notes by endorsement should likewise, unless the validity of the endorsement is clear and beyond question have the title to such notes tested by the Financial Secretariat by requiring the holder to apply for renewal.

Cases in which renewal is necessary.

27. In all or any of the following cases the holder of a note may be required to receipt the same for renewal :—

(1) If a note has been enfaced for payment of interest three times and is presented for further enfacement.

(2) If only sufficient room remains on the back of the note for one further endorsement, or when any word or words is or are written upon the note across any existing endorsement or endorsements, all cross endorsements being strictly prohibited.

(3) If the note is worn or torn or crowded with writing or in any way damaged or found defective, in the opinion of the officer before whom it is produced for payment of interest.

(4) If the note bears an endorsement which is not in one of the forms enumerated in Rule 18 or the signature to which is not that of the person or persons mentioned in Rule 19 as being qualified to transfer the note.

(5) If the endorsements are not clear and distinct, or if there is any endorsement made otherwise than in one of the endorsement cages on the back of the note.

(6) If the holder or all the joint holders of a note are dead.

(7) Generally, if the officer before whom the note is presented for payment of interest, has any reason to believe that the title of the person so presenting the note is irregular or not fully proved.

28. The holder of any note, whether renewal is actually required under these rules or not, may procure a fresh note in lieu of his original note by presenting it duly receipted personally or through a representative either at the office of the Financial Secretary to Government or at the treasury at which the note is enfaced for payment of its interest.

Procedure for renewal.

29. (i) If the notes are presented to a Treasury Officer, he will despatch them to the Financial Secretary by post registered and insured as of the value of Rs. 100. Care should be taken that the registry in the treasury office of all documents connected with transactions entered on the back of the notes is correctly certified against each transaction.

In the receipt for renewal the name of the payee of the new note should be correctly and legibly written.

(ii) A receipt should be granted by the Treasury Officer in Form G in respect of the notes tendered for renewal. A register should be maintained in Form H to watch the disposal of all such notes presented at the Treasury.

(iii) Before despatching a note to the Financial Secretary to Government the Treasury Officer must be careful to see that the interest due up to the last half year has been drawn, except in cases where payment of interest has been refused because of some doubt in respect to the endorsements or where the notes are submitted for renewal in favour of an heir, [*vide* note under Rule 10 (c.)] or where the interest has been left undrawn for six years or more. [*Vide* Rule 10, (f)].

(iv) A note tendered for renewal must be receipted as follows, in the cage provided for this purpose at the foot of the note on its reverse :—

"Received, in lieu hereof, a fresh note payable to (name of holder) with interest payable at......................Treasury.

Signature of the holder.

---

duly authorised representative of
(name of holder)".

If however, a person tendering a note for renewal applies for more than one note in lieu of the note tendered, the latter must be receipted on the reverse as follows, or in a form as near thereto as circumstances will admit:—

"Received in lieu hereof, two (or more) notes for Rs.........respectively payable to (name of holder), with interest payable at............Treasury".

Signature of the holder

---

duly authorised representative of (name of holder).

If the person tendering more than one note for renewal applies for one consolidated note in lieu of the notes tendered, the latter must be receipted as follows or in a form as near thereto as circumstances will admit :-

"Received, in lieu hereof, a fresh note payable to (name of holder) for Rs.........by consolidation with note or notes Nos.....................for Rs............ with interest payable at.....................Treasury.

Signature of the holder

---

duly authorised representative of (name of holder).

"If a person tendering a note for renewal is an heir and if his claim has been admitted, the note must be receipted as below or in a form as near thereto as circumstances will admit :—

Received in lieu hereof a fresh note payable to (name of heir) for Rs...... with interest payable at.......................Treasury.

Signature of the heir of the deceased (name of the deceased)

Fees for renewal, etc.

30. (*a*) The following fees are payable in respect of applications for renewal or issue of a duplicate note :—

For each note 7 Chs. and 2 Cash per cent. if the face value of the note does not exceed Rs. 400 and Bh. Re. 1 per note if the face value exceeds that sum.

(*b*) The fact of receipt of the fee should be recorded on the back of the note by the Treasury Officer and the amount credited in the cash account as "Renewal fee on Government Promissory Note for Rs............... as per advice No..........................dated .... to the Financial Secretary to Government," care being taken that the No. and date of the advice (Form I.) are entered in the cash account before the advice is despatched. The coupon attached to the advice should be filled up and despatched with the advice.

(*c*) In the case of a note which bears no endorsement (other than the renewal endorsement) no fee is charged when such renewal is only required because the interest column is exhausted.

Defective Titles.

31. When a promissory note receipted for renewal comes before the Financial Secretary to Government, and the title appears defective, the Financial Secretary to Government will not pass an order for the payment of interest until such title is cleared, or the following procedure is adopted :—

(*a*) Where the defect is formal only, so that the risk in overlooking it is small, the note may be renewed at once under a bond of indemnity, which should be for the value of the note and the interest payable for six years from date of such renewal.

(*b*) If the defect, however, be a serious one which it would be inadvisable to overlook, or if the holder, where the defect is formal, refuses to execute the necessary indemnity bond referred to above, then the Financial Secretary will refuse to renew the note, or to pay interest until the defects in title be cured by the holder.

32. Notes received as security should be endorsed in favour of the "Account Officer of the Government of Travancore.", *vide* Article 277 of the Account Code, Part I.

Purchase and Sale of Notes.

33. Notes may be purchased or sold through the Agency of the Financial Secretary, and any one wishing to sell or purchase notes should communicate his desire to him, so that intending buyers and sellers may be brought together. The holder of the note should furnish particulars regarding the number and value of the note which he wishes to dispose of and the minimum rate at which he is prepared to sell it. If the intending buyer is prepared to purchase the note at the rate fixed by the seller, the Financial Secretary will inform him the amount to be paid by him which will be sufficient to meet the cost and the commission due to the Government. This amount should be paid into the nearest treasury and the Treasury receipt should be forwarded to the Financial Secretary, who will then arrange with the seller to transfer the note in favour of the buyer. The transfer will be scrutinized in the office of the Financial Secretary to Government and the note will then be forwarded to the buyer. The amount due to the seller, viz., the purchase value of the note, minus the commission due to the Government will be made payable to the seller from any Treasury in the State.

A commission of two annas per cent is levied on the face value of all notes purchased or sold through the Financial Secretary.

NOTE:—"When notes have to be purchased or sold through the Financial Secretary to Government, the applicant for such purchase or sale should bear the cost of advertisement, if any, that has to be published in the Government Gazette."

Consolidation and Sub-division of Notes.

STATE LIFE INSURANCE.

Revised State Life Insurance Rules.

(Issued with effect from 1st Edavom 1099 with subsequent amendments.)

The Government reserve to themselves the right to add to or modify at any time the rules and the rates contained in the table appended; provided that no such additions or modifications shall affect the conditions of any contract for a policy which any person may have made under these or any other rules in force at the time of making the contract, unless such person has given his consent in writing to such addition or modification.

Definitions.

2. In these rules:

(a) "Proposer" means the person whose life is proposed to be insured.

(b) "Insured" means the person who has insured his life under these rules.

(c) "Policy" means the written document containing the contract for the payment under these rules of an endowment bonus in consideration of the premium paid by the Insured.

(d) "Pay" means the remuneration paid to an officer in respect of any permanent office held by him in the service of Government, in respect of which office he may become entitled under any rules, which are now or which may hereafter be in force, to a pension, but shall not include any fees accruing to any officer in respect of such office.

(e) "Premium" means the periodical payment for any policy.

General Rules.

3. The following persons *may* insure their lives under these rules:—

(1) All officers holding permanent appointments under the Government.

(2) Persons employed in Municipalities and other Local Funds whose services are pensionable from the General Revenues.

Provided that the age of the officer insuring does not exceed 45 years and his salary is not below Rs. 10.

4. Five per cent. of the pay of the insured, or more, at the option of the insuring officer, shall be recovered every month as premium and credited to Government; but the maximum premium or premiums for which one or more policies may be issued on the life of an insured shall not exceed Rs. 50 per mensem.

The above monthly premium shall be payable in advance from the month following that of the payment of first premium (Vide Rule 18) till the insured shall complete 55 years of age or in the event of his dying earlier, till his death in consideration of which the sum assured (according to table appended to these rules) shall be payable from the Government Treasury to the insured or his representative or assignee, as the case may be, on his completing the age of 55 years or at his death, if earlier. Fractions of a rupee other than half a rupee shall be excluded in calculating the monthly premium.

5. The age of the proposer shall be taken to be the age at his last birthday or next birthday whichever may be nearest to the date on which first premium is paid; if equidistant, it shall be taken to be his age at last birthday.

Note.—Documentary proof in any one of the following forms is necessary before the age stated in the proposal can be accepted:—

(1) English or Vernacular School Leaving Certificates or true extracts thereof.

(2) Certificate from the Principal or Headmaster of the institution in which the proposer was last studying

(3) Baptismal certificate.

(4) Original horoscope or document made about the time of birth or a copy thereof attested by a Magistrate under his seal.

(5) Declaration by two respectable persons made before a Magistrate or a Sub-Registrar.

6. When an Insured ceases to be in the service of Government before completing the age of 55 years, he may elect within twelve months any of the following courses:—

(1) to continue to pay the premium due on his policy till it becomes mature, or

(2) to surrender the policy and receive in lieu of it a fully paid-up policy payable at 55 or death, if previous, for a reduced sum which will bear the same proportion to the full sum assured as the amount of premium paid bears to the amount payable if the insured lives till he completes his 55th year, or

(3) to surrender the policy and receive as Surrender Value forty per cent. of the sum total of the premia paid by him up to the date of the surrender of the policy. Provided, however, that dismissed officials, who have been ordered by Government to be included in the list of officers not eligible for re-entertainment in Government service, shall not have the option to continue to pay the premium.

7. An insured person whose communication intimating election of one of the three alternatives does not reach the Financial Secretary to Government within one year from the date with effect from which he ceases to be in service, will be held to be entitled only to the last alternative [Rule 6 (3)] and the surrender value will be paid to him or his heirs on demand according to rules at any time.

8. If an Insured wishes to withdraw from insurance after the policy had been in force for not less than two years, he may surrender his policy and apply for the surrender value of the sum assured thereby which will be forty per cent of the sum total of all the premia paid by him up to the date of such surrender.

NOTE. No surrender value will be allowed for policies of less than two years' duration.

9. If an Insured be degraded for any cause, he may either continue to pay the full premium on his Policy or discontinue payment of the difference between such premium and that due on his reduced pay, the amount payable being in the latter case such portion of the original sum assured as is proportionate to the premium paid.

Management.

10. The business of the State Life Insurance shall be managed by the Financial Secretary to Government, assisted by one of his Assistants in the Account Office. The account portion of the work shall be attended to in the Account Office.

11. The Financial Secretary to Government may, with the sanction of the Government, frame such subsidiary rules for the transaction of business as may be found necessary.

All matters not provided for in these rules and all doubts about the construction or interpretation of the rules shall be placed before the Government by the Financial Secretary to Government and the orders thereon of the Government shall be final.

12. All receipts and disbursements on account of the State Life Insurance shall be carried to a separate head of account, and funds belonging to this account shall, at the end of each quarter, be invested in such manner as Government may prescribe.

Procedure for applying for Insurance.

13. A Public servant proposing to insure his life under these rules, shall submit his proposal in Form No. 1 written in his own hand wherever possible and shall sign it in the presence of his immediate superior. The latter will, in his turn, sign the certificate to the effect that he has read and explained the

form to the proposer whose signature was affixed in his presence, and that th entries made therein (especially those relating to the age, the date of birth, pay and the date of permanent appointment in service on Rs. 10 or above of the proposer) are correct and will state his own confidential opinion as to the eligibility of the life of the proposer in Form No. 2, put it in a sealed cover addressed to the Financial Secretary to Government and forward the proposal (with the sealed cover attached) to the Head of the Department concerned.

14. The Head of the Department concerned will, after examining the proposal, forward the same along with the confidential opinion in sealed cover (para 13) to the Medical Officer (or Medical Board) who may be appointed by Government in this behalf, requesting him (or it) to examine the proposer and record his (or its) opinion regarding his age and health in the certificate appended to the Proposal.

Government may, however, in any case, dispense with the medical examination contemplated in the first para of this rule and accept a certificate of health produced by the Proposer from a competent Medical Officer.

NOTE: The arrangement sanctioned for the medical examination is as follows:—

(a) If the proposer's pay is Rs. 20 or less he shall be examined by a medical fficer in independent charge of an institution.

(b) If his pay is more than Rs. 20 but not more than Rs. 100; he shall be examineď by a medical officer not below the rank of an Assistant Surgeon.

(c) If his pay exceeds Rs. 100, the medical examination shall be conducted by a medical officer not below the rank of a Deputy Surgeon, but in case the proposal is for a sum in excess of Rs. 5,000 the proposer shall be examined by the Civil Medical Board at Trivandrum, and candidates in the mofussil will be required to appear before the Board at Trivandrum.

15. It shall be the duty of the Medical Officer (or the Medical Board) to examine the proposer and record his (or its) remarks on the back of the proposal and forward the same direct to the Darbar Physician along with the con fidential opinion in sealed cover above mentioned after obtaining the signature of the proposer to the declaration prescribed therein.

NOTE:—A Medical Officer who is related to the proposer by blood or by marriage shall not examine such proposer. In such a case the proposer shall be examined by the nearest medical officer empowered to examine applicants for insurance who is not related to the proposer.

16. The proposal and the Medical report (in Form No. 3) shall then be examined by the Durbar Physician and forwarded along with the confidential opinion in sealed cover to the Financial Secretary with his opinion. In all cases where the Medical Board is convened, the opinion of the majority shall be final. In cases of equality of votes, the Darbar Physician shall have a casting vote.

17. When a policy is not issued or does not become operative for any reason within one year of the date of the medical certificate on which it is based, a fresh medical certificate will be required.

Payment of first Premium and issue of Policy.

18. The Financial Secretary will decide whether the proposal is to be accepted or not. If he decides that the proposal should be accepted, he will give notice thereof to the proposer through his official superior and call upon the proposer to pay the first premium in cash into a Government treasury within the date specified in the notice (which will be 60 days from the date of notice of acceptance) and to send the treasury receipt therefor to his office for issue of policy.

19. On receipt of the said treasury receipt and provided that the payment is made within the prescribed period, the Financial Secretary will prepare a policy (in Form No. 4 or 5) and give it the date on which the payment of the 1st premium was made. If the proposer is declared to be fully eligible, a po[illegible] in Form No. 4 will be issued, but if a proposal is not fully eligible, the age [illegible] the proposer shall be taken to be his age *plus* the additional years recommended by the Darbar Physician to be added on, and a policy in Form No. 5 shall be issued for the sum assurrd which the age so taken will entitle him to the difference between the sum thus entered in the policy and that payable if

his age had been accepted without any addition, shall, however, be divided by the difference between his age and his 55th year, and the quotient shall be annually added to the sum specified in the policy until his death, if it happens before his 55th year, and paid alongwith the said sum assured. If he lives to the age of 55, the sum assured shall be the same as that which would have been payable if his age had been accepted without any a ddition.

The policy will bear a serial number and will be signed by the Financial Secretary to Government. He will then forward it to the insured by registered Anchal and at the same time request the Account Officer to issue instructions to the proposer's immediate superior, or to the Treasury Officer in case of Gazetted Officers for the realisation of premia due on the policy.

20. If the first premium is not paid by the due date specified in the notice, the Financial Secretary to Government will call upon the proposer through his immediate official superior to explain the delay, and if within three months from the last due date of payment of the first premium, it should be proved to the satisfaction of the Financial Secretary that the delay was due to reasonable causes, he may issue the policy, provided that all the monthly premia due from the first due date are paid. If the period of the three months has elapsed or if the delay is not explained to the satisfaction of the Financial Secretary, the proposal will be treated by him as cancelled and a penalty of Re. 1 will be recovered and credited to the Fund.

Further Insurance.

21. When an insured wishes to further insure his life, he shall submit a proposal in Form No. 1. The procedure prescribed in rules 13 to 20 *supra* shall be applicable to this further insurance.

22. A policy issued in favour of an officer may be transferred by executing a deed of assignment, and in all such cases, a copy of the deed should be sent to the Financial Secretary to Government for record in the Insurance Office.

Loans against policies.

23. Loans carrying 6 per cent interest per annum may be sanctioned on unencumbered policies by the Financial Secretary to Government up to a maximum of 80 per cent, of the surrender value of a Policy, the policy being assigned in favour of the Government for consideration as security for the loan.

24. Loans granted under the above rule may be made repayable monthly, quarterly or half-yearly the number of instalments of repayment being fixed by the Financial Secretary to Government.

25 Refund of such loans may either be separately shown in the pay or salary bill of the officer concerned or remitted into the treasury under separate chalan receipts. Interest due up to date should be cleared before setting aside amounts against the principal of the loan.

26. Should the policy assigned to Government as a security for the loan be surrendered under Rule 6 (3) or Rule 8 before the loan is cleared, the balance, if any, after setting aside the amount required to clear the loan, shall be paid to the insured.

27. Should the insured die or attain the stipulated age before the loan is cleared, the balance available after clearing the loan shall be paid to the certified heirs or legal representatives of the deceased, Vide rules 29 to 36 or (in case of maturity) to the insured under rule 28.

Payment of Bonus.

28. On an insured completing the age of 55 years, the sum assured by his policy less the amount (if any) on account of the arrears of premia, will be paid to him or to his assignee, after the surrender of his policy and on the production of a certificate of identity; but if he dies before completing the age of 55 years, the amount due will, on production of satisfactory evidence of death, on establishment of the claim to the bonus and on the surrender of the policy, be paid to his legal representative or assignee. If, however, there be doubt or dispute as to the person entitled to receive the bonus it shall be paid only on production of satisfactory proof of the claimant's right.

Payment under this rule shall be subject to deduction of any amount that may be due to Government by the insured, if the Head of the office in which the insured was last employed or the Account Officer reports to the Financial Secretary to Government the said amount within two months from the date of a requisition therefor from the Financial Secretary to Government.

29. On receipt of the report of the death of any policy holder, the Financial Secretary to Government shall publish a notification in the Government Gazette inviting the claimants to produce, within a date to be fixed therein, satisfactory evidence of their title or representative character, except in those cases where a Succession Certificate is produced along with the application for the payment of the bonus amount.

30. The following will be accepted as satisfactory evidence of title unless the Financial Secretary sees grounds to require further evidence :—

(a) A certificate from the Head of the office in which the deceased policy holder was serving at the date of his death, certifying, from his personal knowledge or on the declaration of two senior subordinates serving under him possessing personal knowledge, to the relationship of the claimant or claimants as the case may be.

(b) In cases where the deceased has by a registered will bequeathed the sum assured to any particular individual, a certified copy of such will granted under the signature and seal of the Registrar in whose office the will was deposited or registered.

(c) Certificate of heirship, probate or letter of administration granted by the Agent to the Governor General or any Court of Law in British India, although such certificate, probate or letter of administration does not expressly mention the sum due under the State Insurance policy.

(d) Decree or order of a Civil Court of competent jurisdiction in Travancore or British India, recognizing the heirship of the claimant to the deceased although the suit or proceeding in which the decree or order was passed, did not directly embrace the claim to the sum assured under the State Policy.

(e) Certificate from any officer of Government drawing a salary of not less than Rs. 200, or from a Tahsildar, Munsiff or Magistrate in the service of this State or a Justice of the Peace exercising jurisdiction in Travancore, declaring from his personal knowledge the relation of the claimants to the deceased.

(f) Certificate from a Tahsildar in the service of the State testifying as the result of due enquiry, to the claim of the applicant (or applicants) to the sum assured by the policy of the deceased.

NOTE :—Certificates from the officers referred to in clause (a), (e) and (f) above will be accepted only when the amount to be paid does not exceed Rs. 200. If the amount exceeds this limit, a Succession certificate as per Regulation IX of 1090 must be produced before payment is ordered.

31. In cases of bequests, a certificate of identity of the claimant must also be produced from an officer of the rank mentioned in clause (e) Rule 30.

32. The certificate granted by officers under (a) and (e) of Rule 30 should give full particulars of the relationship of the claimant to the deceased and the means of knowledge possessed by the officer granting it and state whether there are any other relations of the deceased likely to claim the sum assured.

33. Any person who does not put forward his claim within three months from the date of the notice referred to in Rule 29 will be considered to have waived his claim to the sum assured.

34. The sum assured by the policy will be paid to the person who, among several claimants, seems to the Financial Secretary to have the best claim, on his giving a good and tangible security to indemnify the Government against any loss that may accrue in the event of the Government being compelled by a decree of a court to pay the sum assured over again to another claimant.

35. The Financial Secretary to Government may consult the Head Sirkar Vakil or Assistant Head Sirkar Vakil on any legal point connected with the settlement of claims.

Lapsing of Policies.

37. If, in the case of a policy of *less than* 3 years' duration, the premium due for a month be not paid on or before the 25th of that month, the policy will become void. But if all arrears of premium are paid within 6 months from the 1st day of the month for which the premium was due, the Financial Secretary may in his discretion allow the policy to be revived, subject to the payment of all arrears, and to the further payment, within a date to be specified by the Financial Secretary, of such fine, if any, as he may impose. The Financial Secretary may also require the production of a medical certificate of continued good health. The Account Officer will, in such cases, report the receipt of arrears of premium to the Financial Secretary to enable him to issue the necessary instruction in each case. A copy of the order passed by the Financial Secretary in each case will be forwarded to the Account Officer for record in his office.

NOTE.—Should the insured person die in the interval between the date of the expiration of the days of grace and the date of the revival of the Policy no claim for the payment of the policy will be accepted.

38. If, in the case of a policy of *not less than* 3 years' duration, the premium be not paid on or before the 25th of that month, the policy will be forfeited at the end of 12 months from the first day of the month for which the premium was due, unless all arrears of premium together with the interest thereon to date of payment at 8 per cent. per annum, are paid within the said period of 12 months, provided that when the interest amounts to less than one rupee, the sum of one rupee shall be paid as a fine instead of interest. Should the insured person die within the said period of 12 months, the claim for the payment of the policy will be accepted subject to the deduction of all arrears of premium together with the interest thereon to date of death at 8 per cent. per annum. When a policy has been forfeited under this rule the surrender value may be paid to the insurant at any time after the date of default.

Miscellaneous.

39. When an insured who has ceased to be in the service of Government has elected to continue to pay premium till his policy matures, he may be allowed by the Financial Secretary to pay such premium in advance, monthly, quarterly, half-yearly, or yearly into any Government treasury. Fifteen days' grace shall be allowed when the premium is payable monthly and a grace of one month when it is paid otherwise. If the insured fails to pay the premium within the days of grace, he shall be deemed to have withdrawn under Rule 6 (3) and he shall be paid back the surrender value of the sum assured, which will be 40 per cent. of the sum total of all the premia paid by him up-to-date.

STATE PROVIDENT FUND RULES.

Scope of the Fund.

1. The fund will be a general fund open to all officers in permanent pensionable and non-pensionable posts under Government or under Local or Municipal Bodies.

Note.—1. Persons appointed on probation to substantive appointments are eligible to subscribe to the fund.

Note.—2. Officers in temporary service are, with the consent of the heads of their departments, eligible to subscribe to the fund, provided they have been employed or are, in the opinion of the heads of their departments, likely to be employed for atleast three years.

2. Subscription to the fund will be compulsory in the case of officers entering the permanent service of Government on or after 1st Meenam 1107, who do not insure their lives in the State Life Insurance. It will be optional in the case of others.

3. If an officer who is subscribing to the fund is transferred to foreign service, he shall, in the absence of a special order of Government to the contrary, continue to be subject to these rules, in the same manner as if he was not transferred.

4. No right to withdrawal of the sum at the credit of the subscriber will be recognised other than as provided for in Rule 10.

5. An optional subscriber may discontinue his subscription and resume payment again if he chooses, subject to the following conditions :—

- i. An officer who chooses to discontinue or resume payment may do so only from the beginning of a new financial year.
- ii. The privilege of discontinuing to pay or resuming payment will not be allowed more than once.
- iii. No refund of amounts already subscribed and at his credit can be made except as provided under Rule 10.
- iv. Persons once allowed to specially withdraw the balances at their credit will not be permitted to rejoin the Fund.

Rate of Subscriptions.

6. The monthly rate of subscription shall be as follows :—

- i. For officers whose salary is above Rs. 100 it shall be an amount expressed in whole rupees and calculated at not less than $1\frac{1}{2}$ chackrams in the rupee and not exceedning chackrams 4 in the rupee of the officer's salary.
- ii. For officers whose salary is not below Rs. 15 and not above Rs. 100 per mensem, the rate of subscription shall be an amount expressed in multiples of half a rupee and calculated at not less than 1 Ch. in the rupee and not exceeding 4 Chs. in the rupee of the officer's salary.
- iii. If the amount of subscription calculated as in (i) or (ii) above represents a sum not expressible in whole rupees, or half rupees respectively, the nearest sum in whole rupees or half rupees below the amount shall be taken as the minimum limit of subscription.
- iv. In the cases of persons whose salary is less than Rs. 15 per mensem, deposits of 7 Chs. or 14 Chs. per mensem (at the option of the subscribers) will be accepted.

[illegible] The rate of salary for this purpose shall be taken as that drawn in respect of the last day of the financial year preceding, and the monthly rate shall remain

fixed throughout the financial year. In calculating the amount of subscription payable, fraction of a rupee (of the salary)shall be ignored.

The amount which a subscriber elects to subscribe monthly for any financial year shall be assumed to be represented by the deduction which he himself causes to be made from his salary in the first month of the year and shall not be variable later on in the year on account of any increase or decrease in the rate of salary which may ultimately be found to have been due in respect of the last day of the financial year or which may take place during the year.

In the case of new subscribers, any broken period in the Month of entry, will be neglected, the first subscription being that due in respect of the first complete calender month. The rates will be reckoned on the rate of salary drawn in respect of the first day of such month.

In the case of an officer on foreign service on the last day of the financial year, the rates will be reckoned on the pay he would have drawn had he been in Travancore service on that date.

In the case of an officer on temporary duty or on deputation on the last day of the financial year, the rates will be reckoned on the salary, exclusive of deputation allowance, if any, actually admissible on that date.

7. Subscription during leave of any kind will be optional.

Note. An officer on reinstatement after a period passed under suspension may also be allowed the option of subscribing for that period, the monthly amount to be subscribed being the same as that he was subscribing prior to his suspension.

8. Subscriptions shall ordinarily be recovered by deduction from pay bills: but they may be made by remittance in cash to the treasury when an officer is on foreign service or on leave.

RATE OF INTEREST.

9. Compound interest at 5 per cent. per annum will be allowed on subscriptions until further orders. Government reserve the power of altering the rate of interest whenever they consider it necessary subject to 6 months' notice being given to subscribers before any alteration is made.

Note—If a subscriber dies, retires or quits the service, interest will be allowed on the amount at his credit in the fund up to the end of the month immediately preceding that in which he dies, retires or quits the service. If a subscriber holding a temporary post exercises on the termination of that post, the option allowed by Rule 10 of leaving in the fund the amount accumulated to his credit, interest will be allowed on that amount for not more than a year after the termination of the employment. If the subscriber subsequently obtains reemployment under Government, deposits not withdrawn will commence again to bear interest from the date on which subscriptions are renewed.

WITHDRAWALS ON RETIREMENT OR DEATH.

10. (1) Subject to the provisions of this rule, the sum which accumulates to the credit of an officer in permanent employ will, when he quits the service become his absolute property and be handed over to him unconditionally. An officer holding a temporary post may, on the termination of his appointment, either withdraw the amount standing at his credit or leave it in the fund. Any sum so left in the fund may be withdrawn at any time after cessation of service.

(2) In the event of an officer's death before retirement or after retirement, but before the money has been handed over:

(a) It will be divided between his widow or widows and children in accordance with any request that he may have submitted in

the prescribed form, which request must state the persons to whom sums intended for the benefit of minors are to be paid; or it will be handed to such trustees as the subscriber may appoint by will to administer, for the benefit of his widow or widows and children, the funds standing at his credit at the time of his death:

(*b*) Failing such a request it will be divided in equal shares between his widow or widows and children, to the exclusion of adult sons and of married daughters whose husbands are alive, any sum due to a minor being paid to the minor's legal guardian to be used for the minor's benefit or, failing a legal guardian, to any person who, in the opinion of the officer whose duty it is to make payment, is entitled to receive it on the minor's behalf:

(*c*) Failing a widow and children entitled to participate under (*b*) it will be distributed among other persons in accordance with any request submitted by the subscriber in the prescribed form: and

(*d*) If no such request has been submitted, it will be paid to the legal representative of the estate, as determined by a Civil Court having competence to pass orders in this respect; provided that, if the sum remaining at the credit of the depositor does not exceed Rs. 500 it may be paid to such person or persons as the officer making payment considers to be entitled thereto.

Note.—1. A husband may be permitted to make a special application for the exclusion of his wife from the benefits of the fund, if she has been judicially separated from him. In the absence of such an application, the widow should be treated like an ordinary widow and the sum at the credit of her husband be divided in accordance with the provisions of Rule 10 (2) (*b*).

Note. 2. In all cases where a request is submitted under clause (*c*) above the subscriber should be called upon to state whether he has a wife or children, and if it happens that he has a wife (not separated) or children, a request under clause (*c*) should not be entertained.

Note. 3. Government will not be bound by, or recognise any assignment or encumbrance executed or attempted to be created by any officer during his service, but will recognise to the extent shown in clause (2) (*a*) above any arrangement which a subscriber may make or any disposal by will of the funds standing at his credit.

ADVANCE FOR SPECIAL PURPOSES.

11. No final withdrawal will be allowed until the subscriber quits the service or dies. 8. Recommendation No. 39 of the Travancore Economic Depression Enquiry Committee.

The desirability of starting a Land Mortgage Bank was brought to the notice of Government by various Co-operative Conferences, the Travancore Economic Development Board and the Travancore Co-operative Union. The Legislative Council also in one of its resolutions recommended the starting of a Land Mortgage Bank on the ground that the grant of agricultural loans by Government under Regulation IX of 1094 does not serve all classes of agriculturists and land owners. The question also formed the subject of representation in a Session of the Sri Mulam Popular Assembly. The Travancore Unemployment Committee has, as a partial solution of the problem of unemployment, proposed the starting of a Land Mortgage Bank as a State concern, the funds necessary being raised by the floatation of debentures.

2. As a solution of the problem of agricultural indebtedness, the Travancore Banking Enquiry Committee recommended the starting of a Land Mortgage and Agricultural Bank constituted under the Co operative Socities Regulation X of 1089. The Committee was of opinion that Government gurantee was necessary for the debentures to be issued by the Bank and that Government should subscribe for a moiety of the debentures and also subsidise the establishment charges of the Bank for a certain number of years.

3. The Economic Depression Enquiry Committee which considered the recommendations of the Banking Enquiry Committee expressed the opinion that a Land Mortgage Bank should be started under a separate Regulation and not under the Co-operative Societies Regulation.

ORDER THEREON No. FL. 1940, DATED TRIVANDRUM 15TH DECEMBER 1931.

The question of establishing a Land Mortgage Bank has been engaging the earnest attention of Government for some time past. While all the recommendations are unanimous that there is need for the institution of a Land Mortgage Bank and that the Government should provide the whole or a considerable portion of the initial funds, opinions differ as to the nature and form of the proposed Bank.

2. The growth and spread of the Co-operative movement in the State has only emphasised the need for a financing agency which would yield greater resources than the village credit societies. The solution of the problems arising from the demand for large loans for a long terms is sought in the starting of Land Mortgage Banks. Loans under the Land Improvement and Agricultural Loans Regulation IX of 1094 are grantable only for the purpose of making improvements on land and are not available for the clearance of prior debts on land. To satisfy the credit requirements of those classes of Agriculturists who are outside the scope of the Co-operative movement and to provide substantial loans to the land-holders, the Indian Central Banking Enquiry Committee has recommended the establishment of Commercial Land Mortgage Banks on a Joint Stock basis or on the model of the English Land Mortgage Corporation. For the development of well-organised Joint Stock Land Mortgage Banks in the country for the benefit of the numerous classes of land-owners who cannot be adequately served by the Co-operative credit Organisations, that Committee considers that the Local Governments should take the initiative for the establishment of such banks and assist in ensuring the success of their operation by providing a portion of the initial capital.

3. The Royal Commission on Agriculture in India also finds that there is scope for the establishment of Land Mortgage Banks in India to meet the demand for long term credit, but is strongly of opinion that these Banks should be organised only after the most careful preliminary enquiry. Efficient management is essential and unless this is assured, no step forward should be taken. The chief sources of funds, if the scheme should prove beneficial, would be Debentures and the reputation of these Debentures in the market will depend upon the efficient management of the Bank as a whole. The taint of insecurity once attached to the system will be very difficult to remove. The Royal Commission has given a very weighty opinion that "in no circumstances should any attempt be made to hurry such institutions into existence to meet a popular demand'.

4. The numerous Joint Stock Banks in the State are all commercial banks doing business in short-term transactions and the Banking Enquiry Committee records that they do not play any considerable part in financing Agriculture directly, as the loans are only for short periods and the rate of interest is high. Though the number of such Banks in the State is 264, the average paid-up capital amounts only to Rs. 21,800.

5. On account of the prevailing economic depression, it is not possible at present to organise a Commercial Land Mortgage Bank on a Joint Stock basis, as it would require considerable capital to be subscribed for by the general public. The Government however feel that the necessity for affording relief to agriculturists is too keen to be postponed further, and they have accordingly decided, as an initial step, to start a Land Mortgage Bank as a Government concern. The Government will be glad to hand over the whole concern to a suitable private agency, if and when it comes forward, on terms and conditions to be settled at the time.

6. As the Bank will be a Government concern for the present the rights and liabilities of the Bank rest on Government. The Board of Management will consist of five Government officers and two non-officials to be selected by the Government.

7. His Highness the Maha Raja has been graciously pleased at the Public Durbar held on the 20th Thulam 1107/6th November 1931 to announce a donation of Rs. 1 lakh to serve as initial capital for the proposed Land Mortage Bank. The Government too are prepared to advance from time to time towards the Bank's working capital, funds up to a total of Rs. 4 lakhs at a rate of interest to be fixed by them. They also propose to issue Debentures on their own responsibility and liability for the purpose of augmenting the funds of the Bank and they hold themselves responsible for the payment of interest on the Debentures on the due dates and for the repayment of the principal on the agreed date as specified in the Debentures. The total amount of Debentures to be issued at a time would not ordinarily exceed the difference between the total sum loaned by the Bank and remaining unpaid and the amount of the Debentures, if any, already issued and remaining unredeemed.

8. The loans to be granted by the Bank shall be only for

(a) the liquidation of prior debts on land in the possession of the borrower ; and

(b) the improvement of agricultural land.

9. Amounts due by reason of default on the part of the borrower will be recovered as arrears of public revenue under the Revenue Recovery Regulation I of 1068 and the necessary terms will be incorporated in the Bonds to be executed by the borrowers. The accounts of the Bank will be quite separate from the State accounts and the profits of the concern will go towards the building up of a Reserve.

10. Rules for the constitution, management and working of the Bank are appended to this order.

34. When an order has been issued by the Account Officer to close an account, under rule 55, interest will cease to accrue from the first day of the month in which the order is issued.

35. Interest on the account of a deceased depositor will cease to accrue from the first day of the month in which notice is issued to the person or persons recognised by the Government as entitled to receive the balance of the account. No interest will be allowed on money deposited after his death in the account of a deceased depositor.

NOTE.—1. The notice will be issued by the Account office, for which purpose the Treasury Officer shall intimate the death of any depositor to that office with the name or names of the legal heirs of the deceased and their addresses.

2. In cases where the correct address of the depositors or claimants are not known or the personal issue of notice is not reasonably practicable it shall be considered that the issue of notice as provided for by the above article has been effectively performed or carried out, if the same is published as a notification in the Government Gazette in three consecutive issues.

36. The interest calculated as above on the lowest balance for each month will be added each year to the balance of each account.

37. Depositors should present their pass-books, early in Vrischigom in order that the necessary entries of interest and balance may be made in them, and should receive an acknowledgment in Form No. I if the pass-book is not returned then and there. If the pass book be not presented for this purpose, the entry will be made on the next occasion when a deposit is made or money is withdrawn.

38. In the case of deposits and withdrawals made after the close of Karkatakam every year, the balance will be struck in pencil in the pass-book until interest has been added for the past year, when the balances will be duly revised in ink.

Transfer of Accounts.

39. A depositor may have his account transferred, free of charge, to any Treasury or Anchal office having Savings Bank transactions, provided that the account shall have been in existence for three months previous to the transfer. If he should wish to transfer his account, he must present his pass-book personally or send it to the Treasury and must, in either case, make a written application for transfer in Form No. J with a specimen signature slip. The pass-book will be returned to the depositor, who should present it as soon as possible at the new Treasury to which his account has been transferred, while the specimen signature will be sent to the new Treasury by the transferring Treasury itself.

40. Accounts cannot be transferred from one Treasury to another in the month of Karkatakam, nor can accounts ordered to be closed be transferred.

NOTE.—1. No account can be transferred after the death of a depositor.

2. When an application for the transfer of an account of a female depositor is made by her authorised agent, the agent must certify as follows above his signature on the application for transfer—

"Certified that the depositor is on this day alive and sane."

Closing of Accounts.

41. When a depositor wishes to close his account he must present his pass-book, with an application to the Treasury Officer for closing his account and refunding the balance due to him with interest. The amount of interest due on his account up to the end of the calendar month preceding the date of order for closing will be entered in the pass-book and a final balance struck in the Account Office and the book returned to the Treasury Officer. The amount will then be paid to the depositor on his presenting a withdrawal application duly receipted, and his receipt taken in the pass-book, which will be returned by the Treasury to the Account Office.

42. The rule (see rule 9), which prevents a depositor from withdrawing money from his account more than once a week does not apply to the closing of an account that is to say an account may be closed within the week in which a withdrawal has been made.

43. If an order to close an account has been issued under these rules, notice in writing will be sent to the depositor requiring him to present his pass-book. After the date of such notice, no deposit will be accepted in the account and no interest will be allowed upon the balance after the end of the calendar month preceding such date.

44. An account opened on behalf of a minor must, if still open, be closed by him on his attaining the age of 18 years. If a minor after attaining the age of 18 years still remains a minor by law or by order of a court of justice his guardian must, nevertheless, close the account on the minor attaining 18 years of age. Interest on an account opened on behalf of a minor will cease to accrue from the first day of the month after that in which the minor attains the age of 18 years.

45. An account opened on behalf of a lunatic by the manager or guardian appointed by a court of law must if still open, be closed by the person on whose behalf it was opened, in the event of the court subsequently declaring him to be sane.

Re-opening an Account.

46. A depositor who has once closed an account cannot open another account until after the expiration of a month from the date of closure and a depositor whose account has been closed by order cannot open a fresh account in any case without the permission of the authority which ordered it to be closed.

Dead Account.

47. Accounts in respect of which no transactions have taken place for the periods specified below will be treated as "Dead," and no subsequent deposit or withdrawal will be allowed in the case of such accounts without the previous orders of the Account Officer.

When the balance of the account			And when no transaction takes place for
Does not exceed	..	Rs. 10	2 complete years
Exceeds Rs. 10 but does not exceed	..	Rs. 100	4 Do.
Exceeds	..	Rs. 100	6 Do.

NOTE.—1. "Transaction" in this rule means not only a deposit of withdrawal but also the presentation of the pass-book for the entry of interest.

2. A dead account does not lapse to the Government but may be re-opened at any time on the application of the depositor and the interest that has accumulated will be added to the principal when the account is revived.

Succession and Guardianship.

48. If a depositor dies leaving a balance in the Savings Bank payment of the same may be ordered to the claimants such as heirs, executor, administrator or guardian as provided below :—

I. Heir.—On the production of a succession certificate under Regulation IX of 1090 or an order of a competent civil court.

Exception :—1. If the balance does not exceed Rs. 500 the Account Officer may authorise payment to the heirs of the deceased without the production of a Succession certificate or an order of a competant civil court after such enquiry into the rights and titles of the claimants as he may deem sufficient.

2. If the balance exceeds Rs. 500 but does not exceed Rs. 2,000, the Account Officer may similarly authorise payment to the heirs of the deceased if no rival claimants appear within six months of the publication of a notice in the Government Gazette.

3. If the balance, whatever the amount be, is the property of a Hindu undivided family governed by the Mitakshara Law or that of a Malabar

Tarwad then also the Account Officer may dispense with the certificates required in 1 above and order payment to the claimants, provided it is proved after such enquiry into the rights and titles of the claimants as he may deem sufficient.

a) that the deceased belonged either to a Hindu undivided famaily governed by the Mitakshara Law or to a Malabar Tarwad.

(*b*) that the deposit formed part of property of the family or Tarwad.

(*c*) that the applicant is the managing or sole surviving member of the family or Tarwad and provided also that no rival claimant, appear within six months of the publication in the Gazette of a notification on the matter by the Account Officer.

For proving (*a*), (*b*) and (*c*) the Account Officer may arrange for the necessary enquires being conducted by the District Magistrates or may himself record evidence.

NOTE :—In cases under exceptions 2 and 3, above indemnity bonds with two sureties should be required to be executed by the claimants for twice the amount.

II. Executor or Administrator.—On the production of a probate or letter of Administration granted by a competent court.

III Guardian —On the production of a guardiaaship certificate granted by a competent court under the provisions of Regulation II of 1077.

49. If any depositor become insane or otherwise incapable of managing his affairs, and if such insanity or incapacity be proved to the satisfaction of the Account Officer, he may, from time to time, make payment out of the deposits to any proper person. When a committee or manager has been duly appointed to administer the depositor's estate, nothing in this rule authorizes payments to any person other than the committee or manager.

50. When any person other than the father, mother or karanavan claims to withdraw money from an account opened on behalf of a minor, as being the guardian of such minor the Account Officer may authorise the applicant to withdraw money from the account for the minor's use under the following conditions:-

(*a*) Where the applicant claims to be a guardian under the law, on production of proof of the claim ;

(*b*) Where the applicant claims as guardian appointed by will or deed, on production of the documents in support ; and

(*c*) In other cases, the applicant may be required to produce a certificate of Administration before payment is made to him.

Public Accounts.

51. The following rules govern the opening of "Public Accounts," and their transactions:—

(*a*) Accounts may be opened by the Secretaries, Treasurers, or Managers of the Funds of any Dispensary, Devaswom, or other Religious Institution School, Orphanage, Asylum or Library, or of any other Fund contributed for purposes other than the personal advantage of the contributors. Race, Racquet, Billiard, Mess and similar Funds, the objects of which are of a private or personal nature. cannot be allowed accounts.

(*b*) Presidents of Municipalities and Foremen of chitties, Secretaries Treasurers, or Presidents of Societies registered under the co-operative societies Regulation X of 1089, as well as liquidators of co-operative societies appointed as such under the provisions of section 41 of the said Regulation, may be allowed accounts.

(*c*) Secretaries and Managers of Benevolent Funds (that is, funds formed by mutual subscription as an insurance against domestic misfortune) may be allowed accounts.

(*d*) Officers of Government or of public institutions, such as Railway and Steamer Companies, and the like, who collect subscriptoins, voluntary or departmental, from their subordinates for departmental purposes, may be allowed accounts.

52. Public accounts of the kind specified above must be designated by names indicating the object to which the money is devoted, as Dispensary Fund, Battalion Kit-money Fund, Reformatory Mark-money Fund, etc.

53. Information must also be given in writing regarding the object and source of income of the Fund.

54. Each new public account must be authorised by the Account Officer before it is opened.

Exception:—Anchal Masters are authorised to open public accounts on behalf of co-operative societies provided the application therefor has been made or endorsed by the Registrar of co-operative societies.

55. The Account Officer is empowered to direct that a public account be closed, should its object at any time be such that the account could not, under the rules, be opened as a public account.

56. In every case in which the holder of a public account, other than a public account held by an officer of Government in his official capacity, is changed, a fresh declaration (*vide* rule 14) must be filled up.

57. The limitations laid down in rule 4 are not meant to prevent any person from opening more than one *ex- officio* or public account.

58. Public accounts may stand in the names of two or more persons jointly.

59. The annual limit of Rs. 2,000 and the maximum limit of Rs. 10,000 for deposits (rule 8.) as well as for calculation of interest (rule 33), do not apply to public accounts. But no public account may have at any time more than Rs. 20,000 at its credit, exclusive of interest for the current year; and no interest will be credited on any sum in excess of Rs. 20,000.

60. In the form of declaration referred to in Rule 13, which every depositor must sign, the words "I declare also that there is no account at any other Government Savings Bank in my own (or in the minor's) name" should be scored through, in the case of a public account.

61. No account may be allowed for money:

(i) which is the property of the Government, or

(ii) which has been received for credit of the Government, or

(iii) which has been drawn from the Treasury for expenditure on account the Government, or

(iv) which is collected or received or held in trust by any public officer or court, in accordance with any law, provided that the money is the porperty of the Government.

NOTE—Nothing in these rules prevents the opening of an account for a Judicial deposit, in accordance with a special order passed by a Court of Law in a particular case, directing the investment of the money in the Government Savings Bank. Such an account, when admitted, is subject, in every respect to the rules and limitations which govern ordinary private accounts.

Security Deposit Accounts.

62. The following special conditions govern the opening of security deposit accounts and their transactions:

(a) Government servants and contractors who are required to deposit security may be allowed separate accounts for the security deposit only.

(b) The restrictions laid down in Rule 8, in regard to the annual and maximum limits for each separate account do not apply to security deposits.

(c) A person may open a security deposit account either in his own behalf or on behalf of another person. More than one account, however, may not be opened as security for the same person in respect of the same work or contract.

(d) A security deposit may be opened in the joint names of the persons undertaking the same work or contract.

(e) A person undertaking more than one work or contract at the same time may be allowed a separate account in respect of each.

(f) The depositor will be required to sign a declaration, in Form K undertaking not to make any claim on the Savings Bank for the principal of the sum deposited or interest thereon except with the express written sanction of the officer to whom the security is pledged, nor to object to the payment by the Bank of the whole or part of the principal or interest to such officer on his claiming it.

(g) The personal attendance of persons, furnishing security deposits, need not be insisted on for signing the Book of Signatures (Rule 17). A specimen signature, duly attested by the Head of the Department concerned or by a Magistrate, may be obtained, and filed in the Book of Signatures.

(h) The prohibition against the transfer of an account until it has been in existence for three months (Rule 39) does not apply to security deposit accounts which may be transferred, on receipt of a requisition and a specimen signature from the depositor, forwarded by the officer to whom the account is pledged duly countersigned, and accompanied by the pass-book.

(i) In the case of a security account, the personal attendance of the depositor at the Treasury of deposit to acknowledge receipt of the amount when closing the account (Rule 41) need not be insisted on. Payment may be made to the depositor by Anchal Hundi *at his cost*, on receipt of the pass-book, duly receipted by him with a withdrawal application, and attested by the Head of the Department or Office, to whom the account is pledged.

(j) The notice required by Rule 35 shall be issued in the case of security deposits, by the Head of the Department or Office, to whom the deposit is pleged.

(k) No interest will accrue on security deposits from the first of the month in which notice of release is served on the depositor by the officer to whom the account is pledged. A copy of such notice should always be furnished to the Treasury Officer.

NOTE:—The fact that a security deposit is attached by a Civil Court does not dispense with the necessity of the pledgee's issuing a release notice, as any payment can be made only after all dues to Government are realised.

Fixed Deposit Accounts.

63. The following rules govern the opening of fixed deposit accounts in the Government Savings Bank conducted by the Treasuries. No such accounts can be opened in the Savings Banks in Anchal Offices.

(1) Municipalities and Devaswoms having personal deposit accounts at treasuries are allowed to open public accounts in treasuries irrespective of the limits laid down in these rules when they have to invest their surpluses not required for immediate use.

(2) Such deposits should be in multiples of Rs. 100, and may be made only for fixed periods of six months or one year and the administrators of the funds must sign a declaration to the effect that they will not apply for withdrawal of the amounts before the expiry of the period for which they are deposited, which should be specified in the declaration.

(3) Interest at 4 per cent. per annum will be allowed on the deposits.

(4) At the close of the period of the deposit, the administrator may either withdraw the amount with interest or renew it for a further period of six months or one year when a fresh declaration must be furnished if no fresh declaration is received, the deposit will cease to bear interest from the date following the expiry of the period until the date on which the declaration for renewal, if any, is received in the Treasury.

NOTE.—Instead of renewing the original deposit, there is no objection a second deposit being made of a larger or a smaller amount.

(5) The pass-book should be forwarded to the Account Office through the treasury for entering the interest at the close of each period of deposit along with any declaration for renewal received as per Rule (4) above. If the deposit is renewed, interest due for the period expired will be added to the principal and the pass-book returned to the treasury so that the whole amount may bear interest from the date following the period of deposit expired or the date of receipt of declaration for renewal in the treasury whichever is later. The accounts, if not renewed will be closed by transferring the amount of principal and interest to the credit of the Fund account. In no case will a withdrawal in cash be permitted.

(6) The privilege of drawing against the security of a fixed deposit by arrangements with the Account Officer, subject to interest not being less than 1 per cent. above the rate for the fixed deposit may be granted to municipalities and other bodies who have been admitted to the privileges of placing fixed deposits with Government Savings Bank.

Miscellaneous.

64. The employees of the Treasury engaged in the receipt or payment of deposits, are not allowed to disclose the name of any depositor or the amount deposited or withdrawn by him, except to officers of the Department engaged in carrying out the provisions of these rules.

65. The Government reserve the right to alter or add to these rules at any time. All alterations and additions will be previously published in the Gazette.

(*b*) The name of the ship.

ABBREVIATED ADDRESSES.

The addressee's name and address may be written in an abbreviated form, but the right of an addressee to have a telegram thus addressed delivered to him, is subject to an arrangement made between such addressee and the Telegraph Office which has to deliver the telegram. Abbreviated addresses may be registered under the following conditions:—

(1) Application for the registration of such addresses should be made to the officer in charge of the Telegraph Office, at which it is proposed to register an address. The Telegraph Department cannot arrange for registration of an address at any place in a foreign country.

(2) No address may consist of more than one word, in addition to the name of the town where registration is effected.

(3) The word should contain not more than ten letters, and should be easy to read and easy to telegraph. Proper names can only in rare cases be accepted, and in no case can a proper name be registered for a person of a different name.

(4) The names of professions, trades, countries, states, towns, telegraph-stations, well-known States and registered newspapers may not be used as registered addresses.

(5) Numbers may not be registered.

(6) To prevent inconvenience to the public, the Telegram Department has to reject words which either in writing or in telegraph symbols so closely resemble other registered words as to be liable to be mistaken for them. It is desirable, therefore that any application should not merely offer one word for acceptance but should give several words from which a selection may be made.

(7) No address may be registered in one town for the delivery of telegrams in another town.

(8) A registered address is available for telegrams from other countries as well as for Inland telegrams.

(9) The Telegraph Department reserves to itself the right to cancel an address. In such a case a part of the registration fee proportionate to the unexpired period, is returned, or a new address may be substituted free of charge for the one cancelled.

(10) In the event of a change in the title of a firm for which an address is recorded, the consent, in writing, of all the partners of the firm must be produced before the records can be altered.

(11) The fee for registration of an abbreviated address, which should be paid to the officer in charge of the Telegraph Office at which registration is effected, is Rs. 20 yearly, or Rs. 12 half-yearly payable in advance. When, however, a number of abbreviated addresses are registered by a single firm either at the same Telegraph Office or at different Telegraph Offices, * the fee for registration is:—

For the first ten abbreviated addresses . .	Rs. 20 each.
For the second ten abbreviated addresses .	Rs. 12 „
For each subsequent abbreviated address .	Rs. 5 „

(12) An additional fee, equal to half the registration fee, is charged for every change of the word selected, or for every transfer to another Telegraph Office within the period of registration, but not for change of residence within the delivery limits of the registering office, or for change of name, or title of firm or person, so long as the identity is the same (see condition, 10), and it is not a case of transfer from one firm to another; if it is a case of transfer the full fees are charged.†

(13) The Telegraph Department accepts no responsibility in respect of the delivery of any telegram having an abbreviated address if such address has not been registered, or for delay in delivering such telegram. Registration is essential in all cases of persons who frequently receive telegrams addressed to them by an abbreviated name and Telegraph officials can decline to deliver such telegrams if, after notice has been given, the address has not been registered.

2. Travellers' Bungalows are of two classes, according to the nature of the conveniences provided. A First Class Travellers' Bungalow is in the immediate charge of a butler who also caters to the travellers on payment made in advance. A tariff of charges for ordinary meals is posted up in the Bungalow. This tariff is however subject to alteration or revision from time to time without previous notice. There is only a watcher in charge of a Second Class Travellers' Bungalow. He is not expected to cook; but he will render such assistance as he can in this matter to travellers.

3. A list of Bungalows of the two classes is given. The fees for occupation are as below:—

R. 221, dated the 26th September 1910, as modified by the Proceedings of the Government No. S. R. 2126, dated the 6th September 1912.

These rules shall apply only to the Customs houses mentioned below:—
The Arukutty Customs house.
The Sea Customs houses at Alleppey, Quilon, Trivandrum and Colachel.
The Railway Customs house at Quilon, and the Aramboly Customs house.

A. The export of goods which had been previously imported.

1. The owner of the goods should, at the time of the import, make a declaration, in such form as the Excise Commissioner may prescribe, and present the same to the officer in charge of the Customs house through which the goods are imported, for the grant of a certificate to enable him to export the goods free of duty, later on, through one of the Customs houses mentioned above.

2. On receipt of such declaration and on production of the goods mentioned therein, the officer in charge of the Customs house through which the import is made shall weigh the entire consignment and enter in a register, to be specially kept for the purpose, the results of the weighment, the description of the goods, the number of packages, the name of the importer, the date of the import and the Customs house through which the goods are intended later on to be exported.

3. The officer in charge of the Customs house through which the import is made shall grant a certificate to the importer, in such form as may be prescribed by the Excise Commissioner. The Certificate so granted shall be in force only for a period of six months from the date of issue.

4. The officer in charge of the Customs house through which the import is made shall forward the duplicate of the certificate to the officer in charge of the Customs house through which the goods are intended to be exported, while the original declaration made by the owner of the goods at the time of the import shall be sent to the officer in charge of the circle into which the import is made.

5. The owner of the goods shall present to the officer in charge of the Customs house through which the goods are to be exported, the original certificate granted by the officer in charge of the Customs house of import. On receipt of such certificate, and on production of the goods, the former officer shall satisfy himself that the goods produced for export are equal in weight or number to

those described in the duplicate certificate received from the officer in charge of the Customs house of import, and that the property in the goods has continued with the person by whom or on whose account they had been imported.

6. The officer in charge of the Customs house of export shall then re-weigh the entire consignment and enter the results of such re-weighment in a register kept for the purpose. If no difference is observed between the results of the original weighment as given in the duplicate certificate and the results of the re-weighment, the goods shall be passed free of duty.

7. All cases in which there are reasonable grounds for doubting the continuity of the ownership in the goods shall be reported for the orders of the officer in charge of the circle.

8. In cases where the results of the original weighment and the re-weighment show any difference, the officer in charge of the Customs house of export shall adopt the following procedure:—

(*a*) If the re-weighment shows an increase, not exceeding 10 o/o of the original weight, the quantity found in excess shall be assessed to duty and passed, while the quantity which is equivalent to the original weight shall be passed free of duty.

(*b*) If the re-weighment shows a decrease, not exceeding 10 o/o of the original weight, the goods shall be passed free of duty.

(*c*) In all other cases, the goods shall be detained and the fact reported for the orders of the officer in charge of the circle.

9. Whenever goods are passed under Rule 6, or under clause (*a*) or (*b*) of Rule 8, the officer in charge of the Customs house of export, passing the goods, shall forward the original certificate delivered by the owner of the goods, after entering therein the quantity passed free of duty and the quantity assessed to duty, if any, to the officer in charge of the Customs house through which the import had been made. The latter officer shall, on receipt of the certificate, affix it to its counterfoil.

10. In case where the goods are intended to be exported through the Customs house through which they had been previously imported, the officer in charge of the Customs house shall forward to the officer in charge of the Circle the declaration made by the owner of the goods as well as the duplicate of the certificate granted to him. On production of the goods and of the original certificate at the time of the export, the officer in charge of the Customs house shall act in accordance with Rules 5, 6, 7, 8, and 9 in so far as they are applicable to him.

B. *The import of goods which had been previously exported.*

1. The concession granted in regard to the refund of seven-eighths of the export duty levied on goods previously exported, and brought back into Travancore within six months from the date of the original exportation, shall apply only to cases where the export and the import take place through the same Customs house.

2. Owners of goods who import them into Travancore within six months from the date of their previous export and who claim the refund of seven-eighths of the export duty levied at the time of the original exportation, shall produce with the goods an application for such refund, together with the original receipts granted to them in respect of the levy of such duty.

3. The officer in charge of the Customs house before whom the goods and the receipts are produced shall satisfy himself that the goods are equal in weight or number to those described in such receipts and that the property in them has continued with the person by whom or on whose account the goods had been previously exported.

4. He shall then weigh the entire consignment, and after comparing the results with the original receipt produced by the owner of the goods as well as with the entries in the Nalvazhi made on the date of export, he shall forward a report to the officer in charge of the circle.

5. On receipt of such report, the officer in charge of the circle shall, after satisfying himself as to the weight or number of the goods and the continuity of the property in them, report the case, with his opinion thereon, for the orders of the Excise Commissioner. Such report shall be accompanied by:—

(*a*) The original receipt produced by the owner of the goods, and

(*b*) the duplicate receipt, the original and the duplicate manifests, as well as the copy of the Nalvazhi received and recorded in his office soon after the original export.

6. On receipt of such report from the officer in charge of the circle, the Excise Commissioner shall, in case he is satisfied that the refund is allowable, order such refund.

MARINE DEPARTMENT.

TRAVANCORE PORTS.

ALLEPPEY.

The Port of Alleppey, the Principal Port in the State of Travancore is situated on the West Coast of India in Lat. 9·30 N. Long. 76·19 40 E. (Light-House) and is open to coastal and foreign trade, the latter dating back to the latter part of the 18th century.

As a Sea-Port Alleppey owes its great importance to a mud-bank off the coast which renders the sea smooth for shipping operations practically throughout the year. The approaches to the Port are free from any outlying danger.

There is a good white revolving cata-dioptric 1st order light, the apparatus of which consists of nine metallic reflectors each having a dioptric lens in front, arranged in groups of three. The light from each group when viewed at a distance gives a single beam showing one flash in every forty seconds (or three flashes in one revolution of 120 seconds). The light is exhibited from sunset to sunrise, the height of the centre lantern being 113 feet above high water and range of visibility is 16 miles.

The anchorage offers good holding ground to steamers of all sizes and vessels anchoring in the Alleppey road-stead should take up a berth southwards of the Pier with the Light-House bearing from N E. to E. N. E. and as close to the shore as possible in order to obtain a quick despatch.

The bottom shoals gradually and the depth of water in which to anchor should be decided according to the soundings obtained. Usually steamers anchor much too far off shore and without due consideration being given to the set of the current or force of the wind.

The litoral current, close in shore, sets to the southward, some times as strongly as two knots when a strong sea breeze is blowing together with a flood tide, making it very difficult for cargo boats to fetch steamers anchored in the Roads. Occasionally, a return set to the northward is experienced, but it is usually very feeble, and occurs during the months October to February inclusive. The southerly set during this period is also feeble. During March and April the sea breeze blows strongly in the afternoon, and consequently steamers loading should anchor well to the South.

The prevailing winds are from W. N. W.

Steamers with cargo to discharge should anchor close to, and to the southward of; steamers taking in cargo so that empty cargo boats from the latter may be able to fetch them. Noncoasting steamers are usually taking in cargo

During strong winds a careful lookout should be kept on cargo boats leaving the shore, and should they not be able to fetch a steamer she should shift her berth further south-ward.

If the above directions are followed it will seldom be necessary for steamers to shift their anchorage

The anchorage has recently been surveyed by H. M. I. S. "PALINURUS" of the Survey Department, Government of India.

Shipping operations can be carried on throughout the year, as during the S. W. Monsoon, shelter is usually afforded by the mud-bank.

There is a Pier 756 feet long, fitted with Two Steam Cranes and Two Hand Cranes, besides Four Cargo Stages for handling bag cargo and such like. The largest crane lifts up to 4 Tons.

There is a large Godown accommodation and a canal system connects the inland back waters with the Port.

Organisation and Practices. The Port is under the charge of the Principal Port Officer of the Marine Department, Travancore.

The procedure for the Entry and Clearance of vessels is the same as for Ports in British India.

Methods for handling cargo. There are 58 Cargo Boats having an average capacity of 20 Reg. Tons each. These boats convey cargo to and from ships and Pier and are discharged and loaded by Steam and Hand Cranes also fixed stages.

Approximately 890 Tons general cargo can be worked from Pier during day and about 1300 Tons during day and night work.

There is a Flag Signal Station at the beach. Vessels can communicate between the hours of 6 A. M. and 6 P. M. (sunrise and sunset.)

The opening of the Railway is under consideration. In the course of the next few years, Alleppey will find herself in direct and easy communication with the principal towns of the Madras Presidency.

Charges.

No charges against ships other than Port Dues which is 9 pies per ton Reg.

Landing and Shipping Dues. On ordinary cargo one anna per candy.

Godown rent—Free for the 1st week and then anna one per week per ton, of 40 C. ft.

Wages. Annas 12—Re. 1 per day. (Stevedore.)

Wharf coolies' wages. From annas 8—to Re. 1 per day.

Provisions. Ordinary. Obtainable and cheap.

Communications. Steamers to and from Europe, America, China and other eastern Ports also Australia call at the Port in addition to the usual coasting steamers.

The Port has canal and backwater communications to the surrounding country and the coast from Calicut on the north to Trivandrum on the south and also good roads for Motor transport throughout the State.

Principal Imports.

Rice, paddy, piece goods, machinery, hardware, oilmanstores, cement, metals, European Manufactured goods, Jaffna Tobacco, Salt etc.

Principal Exports.

Coir Yarn, Mats and Matting, Coir Fibre, Coir Rope, Tea, Cocoanut Oil, Rubber, Pepper, Copra, Oil Cake, Ginger, Prawns etc.

QUILON.

Quilon, the 'Coilum' of Marco Polo has been a trading centre from very early times. It is connected with Alleppey by backwater as well as road and is on the Shencottah-Quilon-Trivandrum branch of the S. I. R. constructed at the cost of the Travancore Durbar.

The port is an open Road-Stead situated off a bight in the coast formed by the Tangacherry Point projecting slightly beyond the coast-line. During the fine weather period from September till May vessels can anchor in the inner anchorage in 4½ to 5 fathoms of water 4/10 of a mile off the shore. The channel is marked by two buoys during this period. Another buoy is placed to mark the position of the 'Gamaria Rock.' Steamers entering should keep the chimney of Messrs. Harrisons and Crosfields' factory slightly open to the south of the flagstaff. When in one the flagstaff bears N 45½° E Mag: and leads over the 4½ fathom patch in the entrance channel.

A red light is exhibited, near the flagstaff on a wooden platform. Visible 5 miles in clear weather.

The erection of a Pier, is under consideration.

The chief industry is tile manufacture.

Chief Exports are cocoanut oil, coir mats, timber and fish.

The total tonnage of vessels calling at the Port averages 75,000.

TRIVANDRUM.

The port is at Valiathurai about one mile from the town. It is an open roadstead with deep water close to the shore. Steamers generally anchor 4/10 of a mile off shore on a bearing west from the Pier. The five fathoms depth line is about 300 ft. off the end of the Pier, but steamers anchor in 12¼ fathoms which is 4/10 of a mile off shore as stated. It is a port of call for coasting as well as foreign steamers and the aggregate tonnage of vessels calling at the Port averages about 55,000.

It has a Pier for the landing and shipment of cargo, 750 feet in length fitted with Two Steam Cranes.

There is a large go-down accommodation. There are three open go-downs for the storage of cargo measuring each 80' × 40'. More go-downs are to be shortly erected.

A Red Light is exhibited from the end of the Pier during the shipping season, visible Five Miles in clear weather.

COLACHEL.

Colachel is the southernmost Port in the State. There is a group of out lying rocks in front of the town which form a partial break water under the shelter of which landing and shipping operations are carried on.

Coasting steamers generally and foreign steamers occasionally call at this Port and anchor 3/10 of a mile off the shore with the Port Pillar (Black and White) being North and the Put-Un-Ni rock bearing West.

A Red Light is exhibited from the base of the flagstaff on a mound situated to the West of the town, visible Five Miles in clear weather.

Foreign Steamers call to load Monozite, Eluminite, Zircon, Palmyra Fibre etc.

The aggregate tonnage of vessels calling at the Port averages about 95,000.

Weights and Measures.

NOTIFICATION.

No. J 3734.

Rules under Sections 4, 5, 6, 7 and 8 of the Weights and Measures Regulation VI of 1085, made by the Government of His Highness the Maharajah of Travancore under date the 10th June 1912/28th Edavom 1087, and as amended by Notifications No. J. 6316 dated 7-9-1912 No. J. 9365 dated 24-11-1913, No. J. 1366 dated 15-2-1914 and R. Dis. No. 763/24 Judl. dated 14-3-1914.

I. STANDARDS.

1. The primary standards of weights and of measures of length and of capacity prescribed in Section 2 of the Regulation, are given below.

(1) The primary standard of weight is the "Tola," equivalent to 180 grains Troy or one British Indian rupee.

(2) The Primary standard for measures of length is the "Yard" equal in length to the standard yard of British India.

(3) The primary standard for measures of capacity is the "Edangali," equal to 80 cubic inches of water.

2. The orginals of the above said primary standards of weights and measures shall be in the custody of the Chief Engineer at Trivandrum.

3. The aforesaid originals of the primary standards of weights and measures shall bear, besides the impression of His Highness the Maharajah's Coat of Arms, the nscription:—

(1) 1 Tola..............Standard weight ....Travancore State;
(2) 1 Yard.........Standard measure of length........ Travancore State;
(3) 1 Edangali.........Standard measure of capacity.........Travancore State.

4. The units of weights and of measures of length and of capacity are, as prescribed in Section 3 of the Regulation, for weights, the said Tola; for measures of length, the said Yard; and for measures of capacity the said Edangali.

5. All weights and measures forming integral multiples or integral sub-multiples of the above units of weights and measures, are authorized sets of weights and measures, as laid down in Section 3 of the Regulation.

6. The weights and measures described in Schedule II hereto appended, or that may hereafter be so declared, shall, under Section 4 of the Regulation, be authorized sets of weights and measures, though they do not form integral multiples or integral sub-multiples of the units of weights and measures aforesaid.

7. No weights, measures, weighing machines or balances, not authorized or certified under the provisions of this notification, shall after 12-2-1914/1-7-1089 be used in any dealing or contract that is, had or made and has its operation within the Travancore State. Any person acting in contravention of this Notification, shall be liable to punishment, as provided in Section 10 of the Regulation.

II. WARDENS.

8. All taluk Tahsildars, Taluk Head Accountants and the President, Municipal Council, Trivandrum, shall be supplied by the Chief Engineer with certified copies of the primary standards and also with sets of authorized, weights and measures and balances, for purposes of testing and stamping under the provisons of this Notification and the said officers shall be ex-officio Wardens for the Custody of the said certified copies and the said sets of weights and measures and balances. In regard to liquid measures, the copies and sets to be supplied by the Chief Engineer should be of the description of the "special vessels" referred to in clause (5) of Rule 21 *infra.*

9. Besides the standards and sets of weights and measures and balances supplied under the preceding Rule, the Wardens shall also be supplied by the Chief Engineer with dyes for stamping weights and measures in the manner hereinafter described.

10. All officers of the Government who have to use weights and measures in the discharge of their duties, all managers of companies, and all persons engaged in business or trade, shall submit, for verification to the Warden within whose local limits the head-quarters of the officer concerned is situate, or the business or trade is conducted, the weights, weighing machines, and balances and measures used by them in their dealings, at least once in two years, and pay, for such verification, the fees prescribed hereunder.

11. The Warden shall, on payment of the regulated fees, verify, and shall, if requested so to do, correct, all weights, weighing machines and measures, purporting to be weights and measures authorised under this Notification, and all balances which are brought to him for verification or correction and which appear to him fit for verification or correction. When such weights, weighing machines measures and balances are found or made correct, and are in conformity with the requirements of this Notification, he shall certify to the correctness and conformity by stamping, engraving or branding them with the proper mark in the manner hereinafter described.

12. The Warden may, as mentioned in Section 8 of the Regulation, deface, or render incapable of use, or refuse to verify, correct or mark anything so brought which appears to him unfit for verification or correction.

13. The work of testing and stamping weights and measures shall be done under the supervision of the Wardens by such establishments as may be appointed for the purpose.

14. There shall be appointed, for duty under each Warden such establishment as the Government may, from time to time decide, and the charges on account of such establishment shall be met from the fees collected under the provisions of this Notification.

III. Instructions for testing and stamping Weights and Measures.

15. The object of stamping weights and measures being to induce the recognition of the established standards, no weights and measures not being multiples or fractions of the authorized standards as described in Rule 5, or not being authorised sets of weights and measures as described in Rule 6, shall be passed by the Warden.

16. Only metal weights and measures shall ordinarily be stamped; but where wooden measures are largely in use, they may also be stamped. Every endeavour should, however, be made to induce merchants and others to adopt metal measures in lieu of wooden ones.

A. Testing of weights.

17. The balances supplied to the Wardens being true and sensible, no necessity arises for trying them as to their accuracy before they are used for the verification of weights brought to the Wardens for being stamped. When, however, weights have to be verified by standard weights and only common scales or balances are available, the first thing to be done is to try the balance as to its degree of sensibility (apart from the question of its equilibrium) in the manner hereinafter indicated.

18. Balances brought for verification should be tested as to their accuracy in the manner hereinafter set forth.

The requisites of a good balance are,—

(1) It should be true, *i. e.*, when loaded with equal weights, the beam should be horizontal. This requisite is obtained by making the scale-pans of equal weights and the two arms exactly similar in every respect. The truth of a balance may be easily tested by interchanging the weights which keep the beam in equilibrium, when horizontal; if the beam settles again into a horizontal position, the weights are equal and the balance true but not otherwise.

(2) A balance should be sensitive, *i. e.*, when the weights differ by a small quantity, the deviation of the beam from the horizontal should be easily perceptible. If a beam does not turn with 1/500 part of the weight that may be in one scale, it cannot be used for very accurate purposes.

(3) A good balance should be stable, *i. e.*, it should readily return to its position of equilibrium when moved from it, *i. e.*, its time of oscillation about its position of equilibrium should be small. If the sensitiveness of a balance be very great the addition of a small weight to either scale will cause the beam to oscillate and some time will elapse before it attains its position of equilibrium on this account, the beam is sometimes furnished with a pointer and a graduated arc of a circle. If the pointer oscillates through equal arcs on opposite sides of the point which corresponds to horizontality, the scales may be considered to be equally loaded, without waiting to ascertain whether the beam will ultimately rest in a horizontal position.

Balances used for weighing medicines, gold, diamonds and other precious stones should undergo rigid test as to their sensibility.

19. Besides the common balance, weighing machines called steel-yards or Vellikoles, in which one and the same weight is made use of in all cases, are also used.

The most commonly used form of Vellikole corresponds to what is called the Danish Steel-yard, in which the weight is fixed to one end of the beam and the fulcrum is moveable, the thing to be weighed being suspended at the other end of the beam. The beam of the Steel-yard is graduated to denote the point where the fulcrum should be when there is a weight in the scale-pan equal to the weight marked at the point.

Steel-yards brought for verification should be tested as to the accuracy of the graduations.

20. Weights received for verification should be examined thus :—

Suppose a weight purporting to correspond to the standard tola is brought for verification. Place the standard weight in the right-hand scale and exactly counterbalance it, then take it out and put in its place the weight to be verified. If the beams show an equipoise the weight is correct. It is of no consequence whether the arms of the beam be equal or not, or, in other words, whether the scales are or are not correct.

B. Testing of Measures of Capacity, i.e., Dry and Liquid Measures.

21. (*a*) The first thing to be done in the case of dry measures is to measure the diameter carefully. If the diameter of the measure is exactly the same as that of any of the authorized measures under Rules 5 and 6 the measure may be accepted for testing. If not, the measure should be rejected, as differences in shape are liable to cause variations in the contents of things which do not fill all space.

NOTE:—If a measure is not quite round, the mean between the longest and shortest diameters should be taken as the diameter of the measure.

"(*b*) All dry measures shall be used struck and not heaped. The standard dimensions of the authorized dry measures shall be as follows:—

Measures.	Diameter in inches.		Height in inches.
Para	8 5/8	...	13 11/16
Edangali	4		6 3/8
Irunali	3 1/3	...	5 7/32
Nali	2½	...	4 1/16
Uri	2	...	3 3/16
Ozhaku	1 5/8	...	2 7/16
The Nanjanad Marakal	6 5/8		10 11/32
" padi	3¼		5 3/8
" ozhaku	2 1/8		3 5/32
" azhaku	1 5/8		2 1 1/16

Note.—The heights given above for the various measures shall not be used for purposes of testing, but are intended only as a guide to the manufacturers of those measures."

2. In the case of liquid measures, it is not necessary to employ the above test, as liquids fill all space, and differences in the shape of measures do not affect the contents.

3 The capacity of measures should be tested by volume of water, for the proper performance of which, the stamping officer will be supplied with a specially constructed certified copy of primary standard and a specially constructed set of authorized measures as provided in Rule 8 *Supra*.

4. The following instructions should be attended to preliminary to the commencement of the process of testing:—

The best drinking water available should be obtained, as it is the clearest, the measure to be tested should be well washed out, and, if it is of wood, water should be allowed to stand in it for a quarter of an hour before testing so as to guard against absorption during the testing whereby the result would be falsified. If the measure is found to be leaky, the leaks should be caulked, on the outside only with pitch or sealing wax.

5. The test should then be applied in the following manner:—

The rim of the measure should first be moistened: otherwise, water may stand without spilling, quite a sixteenth of an inch above it: and in a measure of 5 inches diameter, this will represent 1·39 tolas of rice. The measure should then be filled with water by pouring into it from the special vessels according to the size of the measure under examination. Care should be taken to pour the water without overtopping the rim of the measure or spilling. The surface of the water should be exactly level with the rim. The quantity of water used to fill the measure can be easily ascertained from the number of times water was poured into the measure from the special vessels and from the quantity remaining in them. The quantity of water, if any, found to have been spilt or to have escaped by leakage should be deducted from the total quantity poured out from the special vessels. The remainder represents the capacity of the measure in cubic inches of water. If this is equal to the established capacity of the standard measure to which it purports to correspond the measure may be taken to be correct and stamped accordingly; otherwise it should be rejected.

As it is almost impossible to pour out liquid from measures filled to the brim without spilling, the measures used for the purpose of testing should be special vessels made with a narrow neck and broad lip for pouring and standardized to cubic inches.

C. Stamping of Weights and Measures.

22. Subject to the provisions of Rules 5 and 6 *supra*, only those measures of length which agree with the standard yard measure should be stamped.

23. The process of stamping weights of measures and capacity should be conducted in accordance with the following directions:—

(1) Large weights should be stamped on the top close to the handle on either side and smaller weights on any part (the handle excepted) having sufficient even surface to receive the impression equally. Flat weights should be marked either on the top or underneath.

(2) Wooden measures should be stamped by means of a steel dye at the very top, so as to guard against subsequent tampering

(3) If there is a joining at the side of a measure, an impression should be made across it.

(4) To effect the stamping of metal measures, which should be stamped below the rim, it is necessary to introduce the beak of an anvil or beak iron into the vessel (held horizontally for the purpose); the part to be marked should be held closely and firmly down on the beak by one person, whilst another applies the die on the upper surface, and a third party strikes steadily with a sledge or heavy hand-hammer, until the required impression has been produced.

(5) Measures may also be marked on the bottom by being inverted on an iron stake with flat top somewhat larger than the die.

(6) In applying a large die on brass or iron, the sledge hammer must be used; for a small die, the heavy hand-hammer will be sufficient.

(7) In the case of weights or measures of irregular shapes in use by bazaar-men, no uniform system can be prescribed; but care should be taken to mark them on a part on which the die can be applied equally.

(8) The Wardens may engage the services of a smith, a hammer-man and bellows boy for performing the operation of stamping neatly.

IV. Fees.

24. The scale of fees prescribed for stamping weights and measures is given in Schedule I; but the Government may alter the rates from time to time. The scale will be so regulated that the fees realised are sufficient to meet the cost of the establishment necessary for stamping purposes. The establishment and other charges of each year should be so fixed as not to exceed the receipts of that year; but should there be any likelihood of a deficit at the end of a year, application for a special allotment should be made to the Government. [The surplus receipts, if any, should be credited to the General Revenues.] Every Warden shall maintain a register of weights and measures stamped and the fees collected.

Note:—In conducting the actual operation of testing, the stamping establishments should carry out free of extra charge any slight adjustment that may be found necessary, to make the weights and measures perfectly accurate, care however being taken not to attempt at corrections within the province of skilled workmen.

V. Inspection.

25. The Division Peishkars and the Commissioner, Devicolam Division, should inspect each party of the stamping establishments in their respective divisions as often as possible and ascertain whether the men understand their work and whether any unauthorised fees are collected. They should also note their remarks in an inspection book.

26. A report on the stamping operations should be submitted to Government by the Division Peishkars and the Commissioner, Devicolam Division, along with their annual departmental reports.
